## ball valve **VZBC-100-FF-16-22-F0710-V4V4T**Part number: 1692209

Compact flange ball valve stainless steel, 2/2-way, nominal width DN100, top flange F0710, PN16, DIN 1092-1.

## **Data sheet**

| Feature                                      | Value  |
|--|--|
| Design structure                             | 2-way ball valve   |
| Type of actuation                            | mechanical   |
| Sealing principle                            | soft   |
| Assembly position                            | Any  |
| Mounting type                                | Line installation  |
| Process valve connection                     | Ring housing with screw connection                       |
| Switching position indicator                 | Slot direction = flow direction                          |
| Flange hole pattern                          | F07  |
|  | F10  |
| Inside diameter                              | 96 mm  |
| Nominal diameter DN                          | 100  |
| Valve function                               | 2/2  |
| Manual override                              | None   |
| Flow direction                               | reversible   |
| Nominal pressure of process valve            | 16   |
| Actuation torque                             | 148 Nm   |
| Based on the standard                        | EN 1092-1  |
|  | ISO 5211   |
| Medium                                       | Compressed air in accordance with ISO8573-1:2010 [-:-:-] |
|  | Inert gases  |
|  | Water (no water vapour)                                  |
|  | Neutral fluids   |
|  | Other media on request                                   |
| Medium temperature                           | -10 200 °C   |
| Flow rate Kv                                 | 1,414 m3/h   |
| Materials note                               | Conforms to RoHS   |
| PWIS conformity                              | VDMA24364 zone III                                       |
| Material housing                             | High alloy steel, non-corrosive                          |
| Material number for housing                  | 1.4408   |
| Material seals                               | PTFE   |
|  | PTFE reinforced  |
| Material ball                                | High alloy steel, non-corrosive                          |
| Material number for ball                     | 1.4408   |
| Material shaft                               | High alloy steel, non-corrosive                          |
| Material number for shaft                    | 1.4401   |
| Product weight                               | 20,600 g   |
| CE mark (see declaration of conformity)      | to EU directive pressure devices                         |
| UKCA marking (see declaration of conformity) | UK regulation for pressure equipment                     |
| Corrosion resistance classification CRC      | 3 - High corrosion stress                                |
