## filter regulator LFRS-1/2-D-7-MIDI Part number: 194760 Classic - do not use for new projects

With lockable regulator head, with pressure gauge, for a nominal pressure of 12 bar, for unlubricated compressed air

Modern alternatives can be found by entering the first four characters of the type code in the search field.

## **Data sheet**

| Feature                                 | Value                                                                       |
|-----------------------------------------|-----------------------------------------------------------------------------|
| Size                                    | Midi                                                                        |
| Series                                  | D                                                                           |
| Actuator lock                           | Rotary knob with integrated lock                                            |
| Assembly position                       | Vertical +/- 5°                                                             |
| Grade of filtration                     | 40 μm                                                                       |
| Condensate drain                        | manual rotary                                                               |
