## soft-start valve MS6-DL

Part number: 527684

For manifold assembly, with G thread.

## **Data sheet**

Overall data sheet - Individual values depend upon your configuration.

| Feature   | Value  |
|---|--|
| Exhaust-air function                              | throttleable   |
| Type of actuation                                 | pneumatic  |
| Assembly position                                 | Any  |
| Manual override                                   | None   |
| Design structure                                  | Piston seat  |
| Type of reset                                     | mechanical spring  |
| Type of piloting                                  | direct   |
| Pilot air supply                                  | external   |
| Flow direction                                    | non reversible   |
| Valve function                                    | 2/2  |
| Pressure gauge                                    | with pressure sensor   |
| Operating pressure                                | 4 18 bar   |
| Standard nominal flow rate                        | 2,600 6,450 l/min  |
| Authorisation                                     | c UL us - Recognized (OL)  |
| CE mark (see declaration of conformity)           | to EU directive explosion protection (ATEX)                      |
| UKCA marking (see declaration of conformity)      | To UK EX instructions  |
| Explosion protection certification outside the EU | EPL Db (GB)  |
|   | EPL Gb (GB)  |
| ATEX category Gas                                 | 2G   |
| ATEX category Dust                                | II 2D  |
| Explosion ignition protection type Gas            | Ex h IIC T6 Gb X   |
| Explosion ignition protection type Dust           | Ex h IIIC T60°C Db X   |
| Explosion-proof ambient temperature               | -10°C <= Ta <= +60°C   |
| Operating medium                                  | Compressed air in accordance with ISO8573-1:2010 [7:4:4]         |
|   | Inert gases  |
| Note on operating and pilot medium                | Lubricated operation possible (subsequently required for further |
|   | operation)   |
| Corrosion resistance classification CRC           | 2 - Moderate corrosion stress                                    |
| PWIS conformity                                   | VDMA24364-B1/B2-L  |
| Food-safe   | See Supplementary material information                           |
| Medium temperature                                | -10 60 °C  |
| Ambient temperature                               | -10 60 °C  |
| Product weight                                    | 650 g  |
| Mounting type                                     | Line installation  |
|   | with accessories   |
|   | Optional   |
| Materials note                                    | Conforms to RoHS   |
| Material seals                                    | NBR  |
| Material housing                                  | Aluminium die cast   |
