## solenoid valve JMFH-5-1/2-EX Part number: 535914

With manual overrides, without solenoid coils or sockets. Solenoid coils and sockets should be ordered separately.

## **Data sheet**

| Feature   | Value  |
|---|--|
| Valve function                                    | 5/2 bistable   |
| Type of actuation                                 | electrical   |
| Width   | 52 mm  |
| Standard nominal flow rate                        | 4,500 l/min  |
| Operating pressure MPa                            | 0.2 0.8 MPa  |
| Operating pressure                                | 2 8 bar  |
| Design structure                                  | Poppet seat  |
| CE mark (see declaration of conformity)           | to EU directive explosion protection (ATEX)                      |
| Explosion protection certification outside the EU | EPL Db (GB)  |
|   | EPL Gb (GB)  |
| UKCA marking (see declaration of conformity)      | To UK EX instructions  |
| ATEX category Gas                                 | II 2G  |
| ATEX category Dust                                | II 2D  |
| Explosion ignition protection type Gas            | Ex h IIC T4 Gb   |
| Explosion ignition protection type Dust           | Ex h IIIC T130°C Db  |
| Explosion-proof ambient temperature               | -5°C <= Ta <= +40°C  |
| Protection class                                  | IP65   |
| Nominal size                                      | 14 mm  |
| Grid dimension                                    | 69 mm  |
| Exhaust-air function                              | throttleable   |
| Sealing principle                                 | soft   |
| Assembly position                                 | Anv  |
| Manual override                                   | detenting  |
| Type of piloting                                  | Piloted  |
| Flow direction                                    | non reversible   |
| Overlap   | Underlap   |
| b value   | 0.3  |
| C value   | 19.5 l/sbar  |
| Max. switching frequency                          | 25 Hz  |
| Switching time reversal                           | 20 ms  |
| Max. positive test pulse with logic 0             | 2,200 μs   |
| Max. negative test pulse with logic 1             | 3,700 µs   |
| Characteristic coil data                          | See solenoid coil, to be ordered separately                      |
| Operating medium                                  | Compressed air in accordance with ISO8573-1:2010 [7:4:4]         |
| Note on operating and pilot medium                | Lubricated operation possible (subsequently required for further |
|   | operation)   |
| Corrosion resistance classification CRC           | 1 - Low corrosion stress   |
| PWIS conformity                                   | VDMA24364-B1/B2-L  |
| Storage temperature                               | -20 60 °C  |
| Medium temperature                                | -5 40 °C   |
| Pilot medium                                      | L12  |
| Ambient temperature                               | -5 40 °C   |
| Product weight                                    | 1,210 g  |

## **FESTO**

## FESTO

| Feature                       | Value                                  |  |
|-------------------------------|--|--|
| Electrical connection         | Via F coil, must be ordered separately |  |
| Mounting type                 | on manifold rail                       |  |
|                               | with through hole                      |  |
|                               | Optional                               |  |
| Scavenging orifice connection | M5                                     |  |
| Pilot exhaust port 82         | M5                                     |  |
| Pilot exhaust port 84         | M5                                     |  |
| Pneumatic connection, port 1  | G1/2                                   |  |
| Pneumatic connection, port 2  | G1/2                                   |  |
| Pneumatic connection, port 3  | G1/2                                   |  |
| Pneumatic connection, port 4  | G1/2                                   |  |
| Pneumatic connection, port 5  | G1/2                                   |  |
| Materials note                | Conforms to RoHS                       |  |
| Material seals                | NBR                                    |  |
|                               | TPE-U(PU)                              |  |
| Material housing              | Aluminium die cast                     |  |
