## solenoid valve JMFDH-5-1/8-EX Part number: 536193

**FESTO** 

With manual override.

## **Data sheet**

| Feature                                           | Value                                                            |
|---------------------------------------------------|------------------------------------------------------------------|
| Valve function                                    | 5/2 bistable-dominant                                            |
| Type of actuation                                 | electrical                                                       |
| Width                                             | 26 mm                                                            |
| Standard nominal flow rate                        | 600 l/min                                                        |
| Operating pressure MPa                            | 0.25 0.8 MPa                                                     |
| Operating pressure                                | 2.5 8 bar                                                        |
| Design structure                                  | Poppet seat                                                      |
| CE mark (see declaration of conformity)           | to EU directive explosion protection (ATEX)                      |
| Explosion protection certification outside the EU | EPL Db (GB)                                                      |
|                                                   | EPL Gb (GB)                                                      |
| UKCA marking (see declaration of conformity)      | To UK EX instructions                                            |
| ATEX category Gas                                 | II 2G                                                            |
| ATEX category Dust                                | II 2D                                                            |
| Explosion ignition protection type Gas            | Ex h IIC T4 Gb                                                   |
| Explosion ignition protection type Dust           | Ex h IIIC T130°C Db                                              |
| Explosion-proof ambient temperature               | -5°C <= Ta <= +40°C                                              |
| Protection class                                  | IP65                                                             |
| Nominal size                                      | 5 mm                                                             |
| Grid dimension                                    | 27 mm                                                            |
| Exhaust-air function                              | throttleable                                                     |
| Sealing principle                                 | soft                                                             |
| Assembly position                                 | Any                                                              |
| Manual override                                   | detenting                                                        |
| Type of piloting                                  | Piloted                                                          |
| Flow direction                                    | non reversible                                                   |
| Overlap                                           | Underlap                                                         |
| Max. switching frequency                          | 16 Hz                                                            |
| Switching time reversal                           | 16 ms                                                            |
| Max. positive test pulse with logic 0             | 2,200 μs                                                         |
| Max. negative test pulse with logic 1             | 3,700 μs                                                         |
| Characteristic coil data                          | See solenoid coil, to be ordered separately                      |
| Operating medium                                  | Compressed air in accordance with ISO8573-1:2010 [7:4:4]         |
| Note on operating and pilot medium                | Lubricated operation possible (subsequently required for further |
|                                                   | operation)                                                       |
| Corrosion resistance classification CRC           | 1 - Low corrosion stress                                         |
| PWIS conformity                                   | VDMA24364-B1/B2-L                                                |
| Storage temperature                               | -20 60 °C                                                        |
| Medium temperature                                | -5 40 °C                                                         |
| Ambient temperature                               | -5 40 °C                                                         |
| Product weight                                    | 260 g                                                            |
| Electrical connection                             | Via F coil, must be ordered separately                           |
| Mounting type                                     | on manifold rail                                                 |
|                                                   | with through hole                                                |
|                                                   | Optional                                                         |

| Feature                       | Value              |
|-------------------------------|--------------------|
| Scavenging orifice connection | M5                 |
| Pilot exhaust port 82         | M5                 |
| Pilot exhaust port 84         | M5                 |
| Pneumatic connection, port 1  | G1/8               |
| Pneumatic connection, port 2  | G1/8               |
| Pneumatic connection, port 3  | G1/8               |
| Pneumatic connection, port 4  | G1/8               |
| Pneumatic connection, port 5  | G1/8               |
| Materials note                | Conforms to RoHS   |
| Material seals                | NBR                |
|                               | TPE-U(PU)          |
| Material housing              | Aluminium die cast |
