## fibre-optic unit SOE4-FO-L-HF2-1N-K Part number: 552797

Ideal for material-independent small part detection.

## **Data sheet**

| Feature  | Value   |
|--|---|
| Design   | Block design  |
| Conforms to standard                                 | EN 60947-5-2  |
| Authorisation  | RCM Mark  |
|  | c UL us - Listed (OL)                                   |
| CE mark (see declaration of conformity)              | to EU directive for EMC                                 |
|  | in accordance with EU RoHS directive                    |
| UKCA marking (see declaration of conformity)         | To UK instructions for EMC                              |
|  | To UK RoHS instructions                                 |
| Measured variable                                    | Position  |
| Measuring principle                                  | Optoelectronic  |
| Measurement method                                   | Fibre-optic unit  |
| Type of light  | Red   |
| Mutual influence                                     | Protected   |
|  | Up to four devices mounted directly next to one another |
| Ambient temperature                                  | -20 60 °C   |
| Switch output  | NPN   |
| Switching element function                           | Switchable  |
| Max. switching frequency                             | 1,500 Hz  |
| Max. output current                                  | 100 mA  |
| Voltage drop   | <= 2.4 V  |
| Timer function                                       | 1 - 2000 ms   |
| Short circuit strength                               | Pulsing   |
| Operating voltage range DC                           | 10 30 V   |
| Residual ripple                                      | 10 %  |
| Idle current   | <= 25 mA  |
| Polarity protected                                   | For all operating voltage connections                   |
| Electrical connection                                | 4-core  |
|  | Cable   |
| Cable length   | 2 m   |
| Material cable sheath                                | TPE-U(PUR)  |
| Mounting type  | with through hole                                       |
|  | with top-hat rail                                       |
| Assembly position                                    | Any   |
| Product weight                                       | 58 g  |
| Material housing                                     | ABS   |
| Display  | LED   |
| Operating status display                             | Yellow LED  |
| Operating reserve display                            | Green LED   |
| Setting options                                      | Teach-In  |
|  | Teach-in via electrical connection                      |
| Ambient temperature with flexible cable installation | -5 60 °C  |
| Protection class                                     | IP64  |
| Insulation voltage                                   | 50 V  |
| Corrosion resistance classification CRC              | 4 - Very high corrosion stress                          |
| PWIS conformity                                      | VDMA24364-B2-L  |
