## compact cylinder AEN-5/8"- -Part number: 557189

For position sensing, with male or female thread on the piston rod.

## **Data sheet**

Overall data sheet – Individual values depend upon your configuration.

| Feature                                               | Value                                                                       |
|-------------------------------------------------------|-----------------------------------------------------------------------------|
| Stroke                                                | 0.039 0.984 "                                                               |
| Piston diameter                                       | 5/8"                                                                        |
| Based on the standard                                 | ISO 21287                                                                   |
| Cushioning                                            | P: Flexible cushioning rings/plates at both ends                            |
| Assembly position                                     | Any                                                                         |
| Mode of operation                                     | single-acting                                                               |
| Design structure                                      | Piston                                                                      |
|                                                       | Piston rod                                                                  |
|                                                       | Profile barrel                                                              |
| Position detection                                    | For proximity sensor                                                        |
| Variants                                              | Extended male piston rod thread                                             |
|                                                       | Extended piston rod                                                         |
|                                                       | With protection against rotation                                            |
|                                                       | Heat resistant seals, max. 120°C                                            |
|                                                       | Single-ended piston rod                                                     |
| Protection against torque/guide                       | Square piston rod                                                           |
| Operating pressure MPa                                | 0.1 1 MPa                                                                   |
| Operating pressure                                    | 1 10 bar                                                                    |
|                                                       | 14.5 145 psi                                                                |
| Operating medium                                      | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                    |
| Note on operating and pilot medium                    | Lubricated operation possible (subsequently required for further operation) |
| Corrosion resistance classification CRC               | 2 - Moderate corrosion stress                                               |
| PWIS conformity                                       | VDMA24364-B1/B2-L                                                           |
| Ambient temperature                                   | -4 248 °F                                                                   |
| Impact energy in end positions                        | 0.03 ft-lbf                                                                 |
| Theoretical force at 0.6 MPa (6 bar, 87 psi), advance | 27.202 lbf                                                                  |
| Mounting type                                         | with through hole                                                           |
