

# self-aligning rod coupler DARP-M5-F

Part number: 8170112  
New

FESTO

## Data sheet

| Feature                                 | Value                           |
|---|---------------------------------|
| Size                                    | M5                              |
| Corrosion resistance classification CRC | 2 - Moderate corrosion stress   |
| PWIS conformity                         | VDMA24364-B1/B2-L               |
| RSBP classification to CD-0033          | F5a                             |
| Ambient temperature                     | -40 ... 150 °C                  |
| Product weight                          | 24 g                            |
| Materials note                          | Conforms to RoHS                |
| Material bushing                        | High alloy steel, non-corrosive |
| Material housing                        | High alloy steel, non-corrosive |
| Material spherical washer               | Case-hardened steel             |
| Material on ball stud                   | Case-hardened steel             |
| Material nut                            | High alloy steel, non-corrosive |
