## solenoid valve VSVA-BT-M32CS2-MH-A2-1T1L-PZ Part number: 8171469 New

**FESTO** 

## **Data sheet**

| Feature                                 | Value                                                                                          |
|-----------------------------------------|------------------------------------------------------------------------------------------------|
| Valve function                          | 3/2 closed, monostable                                                                         |
| Type of actuation                       | electrical                                                                                     |
| Width                                   | 18 mm                                                                                          |
| Standard nominal flow rate              | 125 l/min                                                                                      |
| Standard nominal flow rate venting      | 125 l/min                                                                                      |
| Operating pressure MPa                  | 0.3 1 MPa                                                                                      |
| Operating pressure                      | 3 10 bar                                                                                       |
| Design structure                        | Poppet seat                                                                                    |
| Type of reset                           | mechanical spring                                                                              |
|                                         | Air spring                                                                                     |
| Protection class                        | IP65                                                                                           |
| Sealing principle                       | soft                                                                                           |
| Assembly position                       | Any                                                                                            |
| Manual override                         | Pushing                                                                                        |
| Type of piloting                        | Piloted                                                                                        |
| Pilot air supply                        | Internal                                                                                       |
| Flow direction                          | non reversible                                                                                 |
| Overlap                                 | Underlap                                                                                       |
| Signal status display                   | Yellow LED, valve control                                                                      |
|                                         | Green LED, pressure switch, exhausted status                                                   |
| Switching position sensing              | Via pressure switch, exhausted status                                                          |
| Duty cycle                              | 100 %                                                                                          |
| Max. positive test pulse with logic 0   | 2,000 μs                                                                                       |
| Max. negative test pulse with logic 1   | 1,200 µs                                                                                       |
| Nominal operating voltage DC            | 24 V                                                                                           |
| Characteristic coil data                | 24 V DC: 1.6 W                                                                                 |
| Permissible voltage fluctuation         | +/- 10 %                                                                                       |
| Operating medium                        | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Note on operating and pilot medium      | Lubricated operation not possible                                                              |
| Vibration resistance                    | Transport application test at severity level 2 in accordance with FN 942017-4 and EN 60068-2-6 |
| Shock resistance                        | Shock test with severity level 2 in accordance with FN 942017-5 and EN 60068-2-27              |
| Corrosion resistance classification CRC | 0 - No corrosion stress                                                                        |
| PWIS conformity                         | VDMA24364-B1/B2-L                                                                              |
| Medium temperature                      | -5 50 °C                                                                                       |
| Pilot medium                            | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Ambient temperature                     | -5 50 °C                                                                                       |
| MTTF, subcomponent                      | 443 years, pressure switch                                                                     |
| Product weight                          | 110 g                                                                                          |
| Electrical connection                   | Plug-in                                                                                        |
| Mounting type                           | On sub-base                                                                                    |
| Pneumatic connection, port 2            | G1/8                                                                                           |
| Pneumatic connection, port 4            | G1/8                                                                                           |
| Materials note                          | Conforms to RoHS                                                                               |
| Material seals                          | HNBR                                                                                           |
|                                         | NBR                                                                                            |
| Material housing                        | PA-reinforced                                                                                  |
| Material screws                         | Galvanised steel                                                                               |
| Switching element function              | Normally closed contact                                                                        |
