## Short stroke cylinder ADVC-80-10-I-P Part number: 188312 Product to be discontinued

No facility for sensing, piston-rod end with female thread. Type to be discontinued. Available until 2026. See Support Portal for alternative products.

## **Data sheet**

| Feature                                                  | Value                                                            |
|----------------------------------------------------------|------------------------------------------------------------------|
| Stroke                                                   | 10 mm                                                            |
| Piston diameter                                          | 80 mm                                                            |
| Based on the standard                                    | ISO 6431                                                         |
|                                                          | Hole pattern                                                     |
|                                                          | VDMA 24562                                                       |
| Cushioning                                               | P: Flexible cushioning rings/plates at both ends                 |
| Assembly position                                        | Any                                                              |
| Mode of operation                                        | double-acting                                                    |
| Design structure                                         | Piston                                                           |
|                                                          | Piston rod                                                       |
| Position detection                                       | No                                                               |
| Operating pressure MPa                                   | 0.1 1 MPa                                                        |
| Working pressure                                         | 1 10 bar                                                         |
| Operating pressure                                       | 14.5 145 psi                                                     |
| Operating medium                                         | Compressed air in accordance with ISO8573-1:2010 [7:4:4]         |
| Note on operating and pilot medium                       | Lubricated operation possible (subsequently required for further |
|                                                          | operation)                                                       |
| Corrosion resistance classification CRC                  | 1 - Low corrosion stress                                         |
| PWIS conformity                                          | VDMA24364-B1/B2-L                                                |
| Ambient temperature                                      | -20 80 °C                                                        |
| Theoretical force at 0.6 MPa (6 bar, 87 psi), retracting | 2,827 N                                                          |
| Theoretical force at 0.6 MPa (6 bar, 87 psi), advance    | 3,016 N                                                          |
| Moving mass                                              | 327 g                                                            |
| Moving mass with 0 mm stroke                             | 315 g                                                            |
| Additional mass factor per 10 mm of stroke               | 24 g                                                             |
| Product weight                                           | 993 g                                                            |
| Basic weight for 0 mm stroke                             | 994 g                                                            |
| Additional weight per 10 mm stroke                       | 112 g                                                            |
