## Motor cable NEBM-M16G8-E-20-Q7-LE8 Part number: 5085049 Product to be discontinued

## **Data sheet**

| Feature  | Value                                       |
|--|---|
| Based on the standard                                | EN 61984                                    |
| Cable identification                                 | Without inscription label holder            |
| Electrical connection 1, function                    | Field device side                           |
| Electrical connection 1, design                      | Round                                       |
| Electrical connection 1, connection type             | Plug socket                                 |
| Electrical connection 1, cable outlet                | Straight                                    |
| Electrical connection 1, connection technology       | M16x0,75                                    |
| Electrical connection 1, number of pins/wires        | 8   |
| Electrical connection 1, occupied pins/wires         | 6   |
| Electrical connection 2, function                    | Controller side                             |
| Electrical connection 2, connection type             | Cable                                       |
| Electrical connection 2, connection technology       | Open end                                    |
| Electrical connection 2, number of pins/wires        | 8   |
| Electrical connection 2, occupied pins/wires         | 6   |
| Operating voltage range DC                           | 0 600 V                                     |
| Note on operating voltage range DC                   | 0 - 300 V for 0.25 mm <sup>2</sup>          |
| Operating voltage range AC                           | 0 600 V                                     |
| Note on operating voltage range AC                   | 0 - 300 V for 0.25 mm <sup>2</sup>          |
| Acceptable current load at 40°C                      | 12 A  |
| Note on acceptable current load at 40°C              | 4 A for 0.25 mm <sup>2</sup>                |
| Surge strength                                       | 6 kV  |
| Note on surge resistance                             | 4 kV for 0.25 mm <sup>2</sup>               |
| Cable length   | 20 m  |
| Cable attribute                                      | Suitable for energy chains                  |
| Bending radius, fixed cable installation             | >= 55 mm                                    |
| Bending radius, flexible cable installation          | >= 110 mm                                   |
| Cable diameter                                       | 11 mm                                       |
| Cable structure                                      | 4x0,75+2x(2x0,25)                           |
|  | Shielded                                    |
| Nominal conductor cross-section                      | 0.25 mm2                                    |
|  | 0.75 mm2                                    |
| Wire ends  | Wire end ferrule                            |
| Protection class                                     | IP65  |
| Note on degree of protection                         | in assembled condition                      |
| Ambient temperature                                  | -50 90 °C                                   |
| Ambient temperature with flexible cable installation | -40 90 °C                                   |
| CE symbol (see declaration of conformity)            | according to EU low voltage guideline       |
|  | in accordance with EU RoHS directive        |
| UKCA marking (see declaration of conformity)         | To UK instructions for electrical equipment |
|  | To UK RoHS instructions                     |
| PWIS conformity                                      | VDMA24364-B2-L                              |
| Materials note                                       | Conforms to RoHS                            |
| Degree of contamination                              | 3   |
| Corrosion resistance classification CRC              | 0 - No corrosion stress                     |
| Material cable sheath                                | TPE-U(PUR)                                  |
| Cable sheath color                                   | Orange                                      |
| Material insulation                                  | TPE-E                                       |
