## Motor cable NEBM-M23G15-EH-10-Q9N-R3LEG14 Part number: 5251384 ★ Core product range

## **Data sheet**

| Feature                                              | Value                                       |
|------------------------------------------------------|---------------------------------------------|
| Based on the standard                                | EN 61984                                    |
| Cable identification                                 | Without inscription label holder            |
| Product weight                                       | 3,800 g                                     |
| Electrical connection 1, function                    | Field device side                           |
| Electrical connection 1, design                      | Round                                       |
| Electrical connection 1, connection type             | Hybrid socket                               |
| Electrical connection 1, cable outlet                | Straight                                    |
| Electrical connection 1, connection technology       | M23x1                                       |
| Electrical connection 1, number of pins/wires        | 15                                          |
| Electrical connection 1, occupied pins/wires         | 12                                          |
| Electrical connection 1, type of mounting            | Screw lock                                  |
| Electrical connection 2, function                    | Controller side                             |
| Electrical connection 2, connection type             | Plugs and cables                            |
| Electrical connection 2, cable outlet                | Straight                                    |
| Electrical connection 2, connection technology       | RJ45 and open end                           |
| Electrical connection 2, number of pins/wires        | 14                                          |
| Electrical connection 2, occupied pins/wires         | 12                                          |
| Operating voltage range DC                           | 0 850 V                                     |
| Operating voltage range AC                           | 0 630 V                                     |
| Acceptable current load at 40°C                      | 17.8 A                                      |
| Surge strength                                       | 6 kV                                        |
| Cable length                                         | 10 m                                        |
| Cable attribute                                      | Suitable for energy chains                  |
| Test conditions of cable                             | Test conditions on request                  |
| Bending radius, fixed cable installation             | >= 51.2 mm                                  |
| Bending radius, flexible cable installation          | >= 96 mm                                    |
| Cable diameter                                       | 12.8 mm                                     |
| Cable diameter tolerance                             | ± 0,3 mm                                    |
| Cable structure                                      | 4x1,5(2x0,75)(2x0,24+2x2x0,15)              |
|                                                      | Shielded                                    |
| Nominal conductor cross-section                      | 1.5 mm2                                     |
|                                                      | 0.15 mm2                                    |
|                                                      | 0.24 mm2                                    |
|                                                      | 0.75 mm2                                    |
| Wire ends                                            | Wire end ferrule                            |
| Protection class                                     | IP67                                        |
| Note on degree of protection                         | in assembled condition                      |
| Ambient temperature                                  | -40 90 °C                                   |
| Ambient temperature with flexible cable installation | -25 80 °C                                   |
| CE symbol (see declaration of conformity)            | according to EU low voltage guideline       |
| , , , , , , , , , , , , , , , , , , , ,              | in accordance with EU RoHS directive        |
| UKCA marking (see declaration of conformity)         | To UK instructions for electrical equipment |
| ore tribunity)                                       | To UK RoHS instructions                     |
| PWIS conformity                                      | VDMA24364-B2-L                              |
| Materials note                                       | Conforms to RoHS                            |
|                                                      | Halogen-free                                |

| Feature                                 | Value                    |
|-----------------------------------------|--------------------------|
| Degree of contamination                 | 3                        |
| Corrosion resistance classification CRC | 1 - Low corrosion stress |
| Material cable sheath                   | TPE-U(PUR)               |
| Cable sheath color                      | Grey                     |
| Material insulation                     | РР                       |
