## Solenoid valve VSVA-B-T32U-AH-A1-1R2L Part number: 534533

**FESTO** 

with central plug, round design M8x1.

## **Data sheet**

| Feature                                      | Value  |
|--|--|
| Valve function                               | 2x3/2 open, monostable                                   |
| Type of actuation                            | electrical   |
| Width  | 26 mm  |
| Standard nominal flow rate                   | 900 l/min  |
| Operating pressure MPa                       | 0.3 0.8 MPa  |
| Working pressure                             | 3 8 bar  |
| Design structure                             | Piston slide   |
| Type of reset                                | Air spring   |
| Authorization                                | RCM Mark   |
|  | c UL us - Recognized (OL)                                |
| CE symbol (see declaration of conformity)    | according to EU-EMV guideline                            |
| UKCA marking (see declaration of conformity) | To UK instructions for EMC                               |
|  | To UK RoHS instructions                                  |
| Protection class                             | IP65   |
|  | NEMA 4   |
| Nominal size                                 | 9 mm   |
| Grid dimension                               | 27 mm  |
| Exhaust-air function                         | throttleable   |
|  | Via throttle plate                                       |
|  | Via individual sub-base                                  |
| Sealing principle                            | soft   |
| Assembly position                            | Any  |
| Conforms to standard                         | ISO 15407-1  |
| Manual override                              | Pushing  |
| Type of piloting                             | Piloted  |
| Pilot air supply                             | Internal   |
| Flow direction                               | non reversible   |
| Lap  | Positive overlap   |
| Polarity protected                           | for all electrical connections                           |
| Additional functions                         | Reduction of holding current                             |
|  | Safety shut-off  |
| Signal status display                        | LED  |
| Flow rate of valve                           | 1,250 l/min  |
| Flow rate of valve on individual subbase     | 1,000 l/min  |
| Flow rate of pneumatically linked valve      | 900 l/min  |
| Switching time off                           | 33 ms  |
| Switching time on                            | 20 ms  |
| Duty cycle                                   | 100 %  |
| Max. positive test pulse with logic 0        | 400 μs   |
| Max. negative test pulse with logic 1        | 100 μs   |
| Nominal breakaway current per solenoid coil  | 110 mA up to 20 ms                                       |
| Nominal current with current reduction       | 30 mA after 20 ms  |
| Characteristic coil data                     | 24 V DC: low-current phase 1 W, high-current phase 2.4 W |
| Permissible voltage fluctuation              | +/- 10 %   |

| Feature  | Value  |
|--|--|
| Operating medium                               | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Note on operating and pilot medium             | Lubricated operation possible (subsequently required for further operation)                    |
| Vibration resistance                           | Transport application test at severity level 2 in accordance with FN 942017-4 and EN 60068-2-6 |
| Shock resistance                               | Shock test with severity level 2 in accordance with FN 942017-5 and EN 60068-2-27              |
| Corrosion resistance classification CRC        | 2 - Moderate corrosion stress  |
| PWIS conformity                                | VDMA24364-B1/B2-L  |
| Medium temperature                             | -5 50 °C   |
| Relative air humidity                          | 0 - 90 %   |
| Protection against direct and indirect contact | Safety extra-low voltage with safe disconnection (PELV)  |
| Pilot medium                                   | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Ambient temperature                            | -5 50 °C   |
| Max. tightening torque, valve mounting         | 1.8 2.2 Nm   |
| Product weight                                 | 270 g  |
| Electrical connection                          | 4-pin  |
|  | M8x1   |
|  | Central plug   |
|  | Round design   |
| Mounting type                                  | On subbase   |
|  | With through-hole and screw  |
| Materials note                                 | Conforms to RoHS   |
| Material seals                                 | FPM  |
|  | HNBR   |
|  | NBR  |
| Material housing                               | Aluminum die cast  |
