## Solenoid valve MFH-5/2-D-3-FR-C-EX Part number: 535962

**FESTO** 

With manual override, without solenoid coil or socket. Solenoid coil and socket should be ordered separately.

## **Data sheet**

| Feature                                           | Value                                                                                |
|---------------------------------------------------|--------------------------------------------------------------------------------------|
| Valve function                                    | 5/2 monostable                                                                       |
| Type of actuation                                 | electrical                                                                           |
| Width                                             | 65 mm                                                                                |
| Standard nominal flow rate                        | 4,500 l/min                                                                          |
| Operating pressure MPa                            | 0.3 1 MPa                                                                            |
| Working pressure                                  | 3 10 bar                                                                             |
| Design structure                                  | Piston slide                                                                         |

| Protection class                                  | IP65                                                                                 |
| Nominal size                                      | 14.5 mm                                                                              |
| Grid dimension                                    | 71 mm                                                                                |
| Exhaust-air function                              | throttleable                                                                         |
| Sealing principle                                 | soft                                                                                 |
| Assembly position                                 | Any                                                                                  |
| Conforms to standard                              | ISO 5599-1                                                                           |
| Manual override                                   | with accessories, detenting                                                          |
|                                                   | Pushing                                                                              |
| ISO code                                          | 352                                                                                  |
| Type of piloting                                  | Piloted                                                                              |
| Pilot air supply                                  | Internal                                                                             |
| Flow direction                                    | non reversible                                                                       |
| Lap                                               | Positive overlap                                                                     |
| Switching time off                                | 79 ms                                                                                |
| Switching time on                                 | 28 ms                                                                                |
| Max. positive test pulse with logic 0             | 2,200 µs                                                                             |
| Max. negative test pulse with logic 1             | 3,700 μs                                                                             |
| Operating medium                                  | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                             |
| Note on operating and pilot medium                | Lubricated operation possible (subsequently required for further operation)          |
| Vibration resistance                              | Transport application test with severity level 1 as per FN 942017-4 and EN 60068-2-6 |
| Shock resistance                                  | Shock test with severity level 2 in accordance with FN 942017-5 and EN 60068-2-27    |
| PWIS conformity                                   | VDMA24364-B1/B2-L                                                                    |

| Feature                      | Value                                     |
|------------------------------|-------------------------------------------|
| Medium temperature           | -10 60 °C                                 |
| Sound pressure level         | 85 dB(A)                                  |
| Ambient temperature          | -5 40 °C                                  |
| Product weight               | 960 g                                     |
| Electrical connection        | Via F coil, must be ordered separately    |
| Mounting type                | On subbase                                |
|                              | With through-hole and screw               |
| Pilot exhaust port 84        | M5                                        |
| Pneumatic connection, port 1 | Connection plate size 3 as per ISO 5599-1 |
| Pneumatic connection, port 2 | Connection plate size 3 as per ISO 5599-1 |
| Pneumatic connection, port 3 | Connection plate size 3 as per ISO 5599-1 |
| Pneumatic connection, port 4 | Connection plate size 3 as per ISO 5599-1 |
| Pneumatic connection, port 5 | Connection plate size 3 as per ISO 5599-1 |
| Materials note               | Conforms to RoHS                          |
| Material seals               | HNBR                                      |
|                              | NBR                                       |
| Material housing             | Aluminum die cast                         |
