## Compact cylinder ADNP-20-50-I-P-A-QS-4 Part number: 539442

Per ISO 21287, with position sensing and internal piston rod thread, with integrated QS push-in connector Type to be discontinued. Available until 2011.

## **Data sheet**

| Feature                                    | Value  |   |
|--|--|---|
| Stroke                                     | 50 mm  |   |
| Piston diameter                            | 20 mm  |   |
| Piston rod thread                          | M6   |   |
| Based on the standard                      | ISO 21287  | - |
| Cushioning                                 | P: Flexible cushioning rings/plates at both ends |   |
| Assembly position                          | Any  |   |
| Piston-rod end                             | Female thread                                    |   |
| Design structure                           | Piston   |   |
|  | Piston rod                                       |   |
|  | Cylinder barrel                                  |   |
| Position detection                         | For proximity sensor                             |   |
| Variants                                   | Single-ended piston rod                          |   |
| Working pressure                           | 0.6 10 bar                                       |   |
| Mode of operation                          | double-acting                                    |   |
| Operating medium                           | Dried compressed air, lubricated or unlubricated |   |
| Corrosion resistance classification CRC    | 2  |   |
| Ambient temperature                        | -10 60 °C  |   |
| Impact energy in end positions             | 0.16 J   |   |
| Theoretical force at 6 bar, return stroke  | 141 N  |   |
| Theoretical force at 6 bar, advance stroke | 188 N  |   |
| Moving mass with 0 mm stroke               | 20 g   |   |
| Additional weight per 10 mm stroke         | 17 g   |   |
| Basic weight for 0 mm stroke               | 115 g  |   |
| Additional mass factor per 10 mm of stroke | 2 g  |   |
| Mounting type                              | Optional   |   |
|  | with through hole                                |   |
|  | with internal (female) thread                    |   |
|  | with accessories                                 |   |
| Pneumatic connection                       | QS-4   |   |
| Materials note                             | Conforms to RoHS                                 |   |
| Materials information for cover            | PA-reinforced                                    |   |
| Materials information for seals            | TPE-U(PU)  |   |
| Materials information for piston rod       | Wrought Aluminum alloy                           |   |
|  | Anodized   |   |
| Materials information for cylinder barrel  | Wrought Aluminum alloy                           |   |
|  | Smooth anodized                                  |   |
