# Solenoid valve VUVG-L18-T32C-AT-G14-1R8L Part number: 8031525 Core product range

# 

## **Data sheet**

| Feature                                    | Value   |
|--|---|
| Valve function                             | 2x3/2 closed, monostable  |
| Type of actuation                          | electrical  |
| Valve size                                 | 18 mm   |
| Standard nominal flow rate                 | 880 l/min   |
| Operating pressure MPa                     | 0.15 0.8 MPa  |
| Working pressure                           | 1.5 8 bar   |
| Design structure                           | Piston slide  |
| Type of reset                              | Air spring  |
| Authorization                              | RCM Mark  |
|  | c UL us - Recognized (OL)   |
| Protection class                           | IP65  |
|  | with plug socket  |
| Nominal size                               | 5.7 mm  |
| Exhaust-air function                       | throttleable  |
| Sealing principle                          | soft  |
| Assembly position                          | Any   |
| Manual override                            | detenting   |
|  | Pushing   |
|  | Covered   |
| Type of piloting                           | Piloted   |
| Pilot air supply                           | Internal  |
| Lap  | Positive overlap  |
| Pilot pressure MPa                         | 0.15 0.8 MPa  |
| Pilot pressure                             | 1.5 8 bar   |
| Switching time off                         | 27 ms   |
| Switching time on                          | 13 ms   |
| Duty cycle                                 | 100 %   |
| Max. positive test pulse with logic 0      | 700 μs  |
| Max. negative test pulse with logic 1      | 900 µs  |
| Characteristic coil data                   | 24 V DC: 1 W  |
| Permissible voltage fluctuation            | +/- 10 %  |
| Operating medium                           | Compressed air in accordance with ISO8573-1:2010 [7:4:4]  |
| Note on operating and pilot medium         | Lubricated operation possible (subsequently required for further operation)                       |
| Vibration resistance                       | Transport application test at severity level 2 in accordance with FN<br>942017-4 and EN 60068-2-6 |
| Restriction ambient and medium temperature | Without holding current reduction<br>-5 - 50 °C   |
| Shock resistance                           | Shock test with severity level 2 in accordance with FN 942017-5 and EN 60068-2-27                 |
| Corrosion resistance classification CRC    | 2 - Moderate corrosion stress   |
| PWIS conformity                            | VDMA24364-B1/B2-L   |
| Medium temperature                         | -5 60 °C  |
| Ambient temperature                        | -5 60 °C  |
| Product weight                             | 164 g   |
| Electrical connection                      | Via electrical connection plate   |

#### **FESTO**

### FESTO

| Feature                      | Value                  |
|------------------------------|------------------------|
| Mounting type                | on manifold rail       |
|                              | with through hole      |
|                              | Optional               |
| Pneumatic connection, port 1 | G1/4                   |
| Pneumatic connection, port 2 | G1/4                   |
| Pneumatic connection, port 3 | G1/4                   |
| Pneumatic connection, port 4 | G1/4                   |
| Pneumatic connection, port 5 | G1/4                   |
| Materials note               | Conforms to RoHS       |
| Material seals               | HNBR                   |
|                              | NBR                    |
| Material housing             | Wrought Aluminum alloy |
