## Connecting cable NEBC-D12G4-ES-3-S-R3G4-ET Part number: 8040452

## **Data sheet**

| Feature  | Value   |
|--|---|
| Cable identification                                 | With inscription label holder                                   |
| Connection frequency                                 | 50  |
| Product weight                                       | 219.5 g   |
| Electrical connection 1, function                    | Field device side   |
| Electrical connection 1, design                      | Round   |
| Electrical connection 1, connection type             | Plug  |
| Electrical connection 1, cable outlet                | Straight  |
| Electrical connection 1, connection technology       | M12x1, D-coded in accordance with EN 61076-2-101                |
| Electrical connection 1, number of pins/wires        | 4   |
| Electrical connection 1, occupied pins/wires         | 4   |
| Electrical connection 1, type of mounting            | Screw-type lock with 13 mm A/F hexagon and longitudinal knurl   |
| Electrical connection 2, function                    | Controller side   |
| Electrical connection 2, design                      | Angular   |
| Electrical connection 2, connection type             | Plug  |
| Electrical connection 2, cable outlet                | Straight  |
| Electrical connection 2, connection technology       | RJ45 as per IEC 60603-7-3                                       |
| Electrical connection 2, number of pins/wires        | 8   |
| Electrical connection 2, occupied pins/wires         | 4   |
| Electrical connection 2, type of mounting            | Snap-in locking   |
| Operating voltage range DC                           | 0 30 V  |
| Acceptable current load at 40°C                      | 1.3 A   |
| Surge strength                                       | 0.8 kV  |
| Note on surge resistance                             | Due to screening, a leakage flow of up to 20 mA is permissible. |
| Transmission properties                              | In accordance with category 5, EN 50173, class D                |
| • •  | In accordance with category 5, ISO/IEC 11801, class D           |
| Ethernet cable specification                         | Type: CAT 5   |
| Cable length   | 3 m   |
| Cable attribute                                      | Suitable for energy chains                                      |
| Test conditions of cable                             | Bending strength according to Festo standard                    |
|  | Test conditions on request                                      |
|  | Energy chain > 2 million cycles, bending radius 100 mm          |
| Bending radius, fixed cable installation             | >= 40 mm  |
| Bending radius, flexible cable installation          | >= 100 mm   |
| Cable diameter                                       | 6.7 mm  |
| Cable diameter tolerance                             | ± 0,3 mm  |
| Cable structure                                      | 4 x 0.34 mm <sup>2</sup> (star quad)                            |
| Nominal conductor cross-section                      | 0.34 mm2  |
| Nominal conductor cross section (AWG)                | AWG22   |
| Protection class                                     | IP65  |
|  | IP67  |
| Special characteristics                              | Oil resistant   |
| Ambient temperature                                  | -25 80 °C   |
| Ambient temperature with flexible cable installation | -20 60 °C   |
| Storage temperature                                  | -25 80 °C   |
| CE symbol (see declaration of conformity)            | in accordance with EU RoHS directive                            |
| UKCA marking (see declaration of conformity)         | To UK RoHS instructions   |

| Feature                                 | Value                       |
|---|-----------------------------|
| PWIS conformity                         | VDMA24364-B2-L              |
| Materials note                          | Conforms to RoHS            |
| Degree of contamination                 | 3                           |
| Corrosion resistance classification CRC | 1 - Low corrosion stress    |
| Material cable sheath                   | TPE-U(PUR)                  |
| Cable sheath color                      | green                       |
| Material housing                        | Nickel-plated brass         |
|   | PA                          |
|   | TPE-U(PUR)                  |
| Housing color                           | Black                       |
| Material screw-type lock                | Nickel-plated die-cast zinc |
| Material electrical contact             | Brass                       |
|   | Gold plated                 |
| Material insulation                     | PE                          |
| Material threaded sleeve                | Zinc die-casting            |
