## Solenoid valve VSCS-B-M32-MD-WA-5C1-8 Part number: 8040571

## Data sheet

| Feature                                 | Value                                                                                |
|-----------------------------------------|--------------------------------------------------------------------------------------|
| Valve function                          | 3/2 closed, monostable                                                               |
| Type of actuation                       | electrical                                                                           |
| Width                                   | 15 mm                                                                                |
| Standard nominal flow rate              | 13.5 l/min                                                                           |
| Operating pressure MPa                  | 0.15 0.8 MPa                                                                         |
| Working pressure                        | 1.5 8 bar                                                                            |
| Operating pressure                      | 21.75 116 psi                                                                        |
| Type of reset                           | mechanical spring                                                                    |
| Protection class                        | IP65                                                                                 |
| Sealing principle                       | soft                                                                                 |
| Assembly position                       | Any                                                                                  |
| Conforms to standard                    | ISO 15218                                                                            |
| Manual override                         | detenting                                                                            |
|                                         | Pushing                                                                              |
| Type of piloting                        | direct                                                                               |
| Flow direction                          | non reversible                                                                       |
| Lap                                     | Underlap                                                                             |
| Note on forced dynamisation             | Switching frequency at least once a week                                             |
| Switching time off                      | 6 ms                                                                                 |
| Switching time on                       | 8 ms                                                                                 |
| Duty cycle                              | 100 %                                                                                |
| Characteristic coil data                | 12 V DC: 1.3 W                                                                       |
| Permissible voltage fluctuation         | +/- 10 %                                                                             |
| Operating medium                        | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                             |
| Note on operating and pilot medium      | Lubricated operation possible (subsequently required for further operation)          |
| Vibration resistance                    | Transport application test with severity level 1 as per FN 942017-4 and EN 60068-2-6 |
| Shock resistance                        | Shock test with severity level 1 in accordance with FN 942017-5 and EN 60068-2-27    |
| Corrosion resistance classification CRC | 2 - Moderate corrosion stress                                                        |
| PWIS conformity                         | VDMA24364-C1-L                                                                       |
| Medium temperature                      | -5 50 °C                                                                             |
| Ambient temperature                     | -5 50 °C                                                                             |
| Electrical connection                   | Plug pattern type C to EN 175301-803                                                 |
|                                         | Per DIN EN 175301-803                                                                |
| Pneumatic connection, port 1            | Subbase                                                                              |
| Pneumatic connection, port 2            | Subbase                                                                              |
| Pneumatic connection, port 3            | Subbase                                                                              |
| Materials note                          | Conforms to RoHS                                                                     |
| Material seals                          | NBR                                                                                  |
