## Connecting cable NEBV-Z3WA2L-R-E-2.5-N-LE2-S1 Part number: 8047676

## **Data sheet**

| Feature   | Value                                     |
|---|---|
| ATEX category Gas                                 | II 3G                                     |
| Explosion ignition protection type Gas            | Ex ec IIC Gc X                            |
| Explosion protection certification outside the EU | EPL Gc (GB)                               |
| Signal status display                             | Yellow LED                                |
| Additional functions                              | Reduction of holding current              |
|   | Protective circuit                        |
| Cable identification                              | Without inscription label holder          |
| Connection frequency                              | 50  |
| Product weight                                    | 50 g                                      |
| Electrical connection 1, function                 | Field device side                         |
| Electrical connection 1, design                   | Angular                                   |
| Electrical connection 1, connection type          | Plug socket                               |
| Electrical connection 1, cable outlet             | Angled                                    |
| Electrical connection 1, connection technology    | Connection pattern ZC, self-tapping screw |
| Electrical connection 1, number of pins/wires     | 2   |
| Electrical connection 1, occupied pins/wires      | 2   |
| Electrical connection 1, type of mounting         | On solenoid valve with self-tapping screw |
| Electrical connection 2, function                 | Controller side                           |
| Electrical connection 2, connection type          | Cable                                     |
| Electrical connection 2, connection technology    | Open end                                  |
| Electrical connection 2, number of pins/wires     | 2   |
| Electrical connection 2, occupied pins/wires      | 2   |
| Operating voltage range DC                        | 20.4 26.4 V                               |
| Nominal operating voltage DC                      | 24 V                                      |
| Surge strength                                    | 2.4 kV                                    |
| Polarity protected                                | Bipolar                                   |
| Protective earth connection                       | Not available                             |
| Cable length                                      | 2.5 m                                     |
| Cable attribute                                   | Suitable for energy chains                |
| Test conditions of cable                          | Test conditions on request                |
| Bending radius, flexible cable installation       | >= 29 mm                                  |
| Cable diameter                                    | 2.9 mm                                    |
| Cable diameter tolerance                          | ± 0,1 mm                                  |
| Cable structure                                   | 2x0,14                                    |
| Nominal conductor cross-section                   | 0.14 mm2                                  |
| Protection class                                  | IP65                                      |
| Note on degree of protection                      | in assembled condition                    |
| Ambient temperature                               | -10 50 °C                                 |
| CE symbol (see declaration of conformity)         | according to EU-EMV guideline             |
|   | in accordance with EU RoHS directive      |
| UKCA marking (see declaration of conformity)      | To UK instructions for EMC                |
|   | To UK RoHS instructions                   |
| PWIS conformity                                   | VDMA24364-B2-L                            |
| Materials note                                    | Conforms to RoHS                          |
| Degree of contamination                           | 3   |
| Corrosion resistance classification CRC           | 2 - Moderate corrosion stress             |
