## Push-in fitting NPQR-DK-G18-Q8 Part number: 8085663

## **Data sheet**

| Feature   | Value  |
|---|--|
| Size  | Standard   |
| Nominal size                                    | 5.3 mm   |
| Tubing insertion depth                          | 16.8 mm  |
| Type of seal on screw-in stud                   | Sealing ring   |
| Assembly position                               | Any  |
| Design  | Straight design  |
| Container size                                  | 1  |
| Design structure                                | Push/pull principle                                      |
| Operating pressure for entire temperature range | -0.095 1.6 MPa   |
| Operating pressure complete temperature range   | -0.95 16 bar   |
| Operating pressure for entire temperature range | -13.775 232 psi  |
| Note on working pressure                        | Water: max. 0.7 MPa at 0 - 80°C                          |
| Certificate issuing department                  | NSF C0556009   |
| Operating medium                                | Compressed air in accordance with ISO8573-1:2010 [7:-:-] |
|   | Water (liquid, free of ice)                              |
| Note on operating and pilot medium              | Lubricated operation possible                            |
| Corrosion resistance classification CRC         | 4 - Very high corrosion stress                           |
| PWIS conformity                                 | VDMA24364-B2-L   |
| RSBP classification to CD-0033                  | F1a  |
| Cleanroom class                                 | ISO class 4  |
| Food-safe                                       | See declaration of conformity                            |
|   | NSF/ANSI 169   |
| Ambient temperature                             | -20 150 °C   |
| Nominal tightening torque                       | 6 Nm   |
| Tolerance for nominal tightening torque         | ± 20 %   |
| Product weight                                  | 14.7 g   |
| Mounting type                                   | Internal hex A/F 5                                       |
| Pneumatic connection, port 1                    | Male thread G1/8   |
| Pneumatic connection, port 2                    | For tubing outside diameter 8 mm                         |
| Materials note                                  | Conforms to RoHS   |
| Material housing                                | High alloy steel, non-corrosive                          |
| Material of threaded seal                       | FPM  |
| Guard ring material                             | High alloy steel, non-corrosive                          |
| Material release ring                           | High alloy steel, non-corrosive                          |
| Material of tubing seal                         | FPM  |
| Material of tube retaining claw                 | High alloy steel, non-corrosive                          |
| Thrust ring material                            | PPSU   |
