## pneumatic valve VL/0-3-3/4 Part number: 10049

**FESTO** 

Depending on the choice of connection, normally-open or normally-closed function.

## **Data sheet**

| Feature                                 | Value                                                            |
|-----------------------------------------|------------------------------------------------------------------|
| Valve function                          | 3/2 open/closed, monostable                                      |
| Type of actuation                       | pneumatic                                                        |
| Width                                   | 68 mm                                                            |
| Standard nominal flow rate              | 7,500 l/min                                                      |
| Operating pressure MPa                  | -0.095 1 MPa                                                     |
| Operating pressure                      | -0.95 10 bar                                                     |
| Design structure                        | Poppet seat                                                      |
| Type of reset                           | mechanical spring                                                |
| Nominal size                            | 19 mm                                                            |
| Exhaust-air function                    | throttleable                                                     |
| Sealing principle                       | soft                                                             |
| Assembly position                       | Any                                                              |
| Type of piloting                        | direct                                                           |
| Pilot air supply                        | external                                                         |
| Flow direction                          | reversible                                                       |
| Overlap                                 | Underlap                                                         |
| Pilot pressure MPa                      | 0.1 1 MPa                                                        |
| Pilot pressure                          | 1 10 bar                                                         |
| Switching time off                      | 35 ms                                                            |
| Switching time on                       | 12 ms                                                            |
| Operating medium                        | Compressed air in accordance with ISO8573-1:2010 [7:4:4]         |
| Note on operating and pilot medium      | Lubricated operation possible (subsequently required for further |
|                                         | operation)                                                       |
| Corrosion resistance classification CRC | 1 - Low corrosion stress                                         |
| PWIS conformity                         | VDMA24364-B1/B2-L                                                |
| Storage temperature                     | -20 60 °C                                                        |
| Medium temperature                      | -10 60 °C                                                        |
| Pilot medium                            | Compressed air in accordance with ISO8573-1:2010 [7:4:4]         |
| Ambient temperature                     | -10 60 °C                                                        |
| Product weight                          | 1,200 g                                                          |
| Electrical connection                   | Via F coil, must be ordered separately                           |
| Mounting type                           | on manifold rail                                                 |
|                                         | with through hole                                                |
|                                         | Optional                                                         |
| Pilot air connection: 110               | G1/4                                                             |
| Pilot air port 12                       | G1/4                                                             |
| Pneumatic connection, port 1            | G3/4                                                             |
| Pneumatic connection, 11                | G3/4                                                             |
| Pneumatic connection, port 2            | G3/4                                                             |
| Pneumatic connection, port 3            | G3/4                                                             |
| Pneumatic connection, 33                | G3/4                                                             |
| Materials note                          | Conforms to RoHS                                                 |
| Material seals                          | NBR                                                              |
| Material housing                        | Aluminium die cast                                               |
