## proximity sensor SIEN-M8B-NO-K-L Part number: 150388

Inductive, with standard switching distance.

## **Data sheet**

| Feature  | Value                           |
|--|---------------------------------|
| Conforms to standard                                 | EN 60947-5-2                    |
| Authorisation  | RCM Mark                        |
|  | c UL us - Listed (OL)           |
| CE mark (see declaration of conformity)              | to EU directive for EMC         |
| Materials note                                       | Conforms to RoHS                |
| Nominal switching distance                           | 1.5 mm                          |
| Guaranteed switching distance                        | 1.21 mm                         |
| Reduction factors                                    | Aluminium = 0.25                |
|  | Stainless steel, St 18/8 = 0.7  |
|  | Copper = 0.2                    |
|  | Brass = 0.35                    |
|  | Steel, St 37 = 1.0              |
| Ambient temperature                                  | -25 70 °C                       |
| Repetition accuracy for constant conditions          | 0,07 mm                         |
| Switch output  | NPN                             |
| Switching element function                           | Normally closed contact         |
| Hysteresis   | <= 0.07 mm                      |
| Max. switching frequency                             | 5,000 Hz                        |
| Max. output current                                  | 200 mA                          |
| Voltage drop   | <= 2 V                          |
| Inductive protective circuit                         | Integrated                      |
| Short circuit strength                               | Pulsing                         |
| Operating voltage range DC                           | 10 30 V                         |
| Residual ripple                                      | ± 10%                           |
| Idle current   | <= 10 mA                        |
| Polarity protected                                   | for all electrical connections  |
| Electrical connection                                | Cable                           |
| Cable length   | 2.5 m                           |
| Material cable sheath                                | TPE-U(PUR)                      |
| Size   | M8x1                            |
| Mounting type  | with lock nut                   |
| Type of installation                                 | flush                           |
| Product weight                                       | 53 g                            |
| Material housing                                     | PA                              |
|  | High alloy steel, non-corrosive |
| Operating status display                             | Yellow LED                      |
| Ambient temperature with flexible cable installation | -5 70 °C                        |
| Protection class                                     | IP65                            |
|  | IP67                            |
| Corrosion resistance classification CRC              | 2 - Moderate corrosion stress   |
| PWIS conformity                                      | VDMA24364-B2-L                  |
