## Solenoid valve MFH-5/3E-1/8-S-B Part number: 30994

## **Data sheet**

| Feature                                | Value  |
|--|--|
| Valve function                         | 5/3 exhausted  |
| Type of actuation                      | Electric   |
| Construction width                     | 26 mm  |
| Standard nominal flow rate             | 1000 l/min   |
| pneumatic working port                 | G1/8   |
| Operating pressure                     | -0.09 MPa1 MPa<br>-0.9 bar10 bar   |
| Design                                 | Piston gate valve  |
| Type of reset                          | Mechanical spring  |
| Nominal size                           | 8 mm   |
| Sealing principle                      | Soft   |
| Mounting position                      | optional   |
| Manual override                        | Non-detenting  |
| Type of piloting                       | Pilot actuated   |
| Pilot air supply                       | External   |
| Flow direction                         | Reversible   |
| lap                                    | Positive overlap   |
| Pilot pressure                         | 0.3 MPa1 MPa<br>3 bar10 bar  |
| Max. switching frequency               | 3 Hz   |
| Switching time off                     | 20 ms  |
| Switching time on                      | 21 ms  |
| Switching time reversal                | 24 ms  |
| Max. positive test pulse with 0 signal | 2200 μs  |
| Max. negative test pulse with 1 signal | 3700 μs  |
| Operating medium                       | Compressed air to ISO 8573-1:2010 [7:4:4]  |
| Note on operating and pilot medium     | Lubricated operation possible (in which case lubricated operation will always be required) |
| Corrosion resistance class CRC         | 1 - Low corrosion stress   |
| LABS (PWIS) conformity                 | VDMA24364-B1/B2-L  |
| Storage temperature                    | -40 °C60 °C  |
| Media temperature                      | -10 °C60 °C  |

| Feature                      | Value                                     |
|------------------------------|---|
| Pilot medium                 | Compressed air to ISO 8573-1:2010 [7:4:4] |
| Ambient temperature          | -5 °C40 °C                                |
| Product weight               | 400 g                                     |
| Electrical connection        | Via F coil, to be ordered separately      |
| Type of mounting             | Either: On PR rail With through-hole      |
| Pilot exhaust port 82        | M5  |
| Pilot exhaust port 84        | M5  |
| Pilot air port 12            | G1/8                                      |
| Pilot air port 14            | G1/8                                      |
| Pneumatic connection, port 1 | G1/8                                      |
| Pneumatic connection, port 2 | G1/8                                      |
| Pneumatic connection, port 3 | G1/8                                      |
| Pneumatic connection, port 4 | G1/8                                      |
| Pneumatic connection, port 5 | G1/8                                      |
| Note on materials            | RoHS-compliant                            |
| Material seals               | NBR                                       |
| Material housing             | Die-cast aluminium                        |
