## Solenoid valve VUVS-L20-M32C-AZD-G18-F7-1C1

Part number: 575271

**FESTO** 

## 0 2.2.

## **Data sheet**

| Feature                                | Value                                    |  |
|--|--|--|
| Valve function                         | 3/2-way, closed, monostable              |  |
| Type of actuation                      | Electric                                 |  |
| Valve size                             | 21 mm                                    |  |
| Standard nominal flow rate             | 700 l/min                                |  |
| pneumatic working port                 | G1/8                                     |  |
| Operating voltage                      | 24V DC                                   |  |
| Operating pressure                     | -0.09 MPa1 MPa<br>-0.9 bar10 bar         |  |
| Design                                 | Piston gate valve                        |  |
| Type of reset                          | Pneumatic spring                         |  |
| Approval                               | c UL us - Recognized (OL)                |  |
| Degree of protection                   | IP65<br>With plug socket<br>To IEC 60529 |  |
| Nominal size                           | 5.7 mm                                   |  |
| Exhaust-air function                   | With flow control option                 |  |
| Sealing principle                      | Soft                                     |  |
| Mounting position                      | optional                                 |  |
| Manual override                        | Detenting<br>Non-detenting               |  |
| Type of piloting                       | Pilot actuated                           |  |
| Pilot air supply                       | External                                 |  |
| Flow direction                         | Reversible                               |  |
| lap                                    | Positive overlap                         |  |
| Pilot pressure                         | 0.25 MPa1 MPa<br>2.5 bar10 bar           |  |
| b value                                | 0.35                                     |  |
| C value                                | 2.9 l/sbar                               |  |
| Switching time off                     | 21 ms                                    |  |
| Switching time on                      | 14 ms                                    |  |
| Duty cycle                             | 100%                                     |  |
| Max. positive test pulse with 0 signal | 1900 µs                                  |  |
| Max. negative test pulse with 1 signal | 2700 μs                                  |  |

| Feature                            | Value  |
|------------------------------------|--|
| Characteristic coil data           | 24 V DC: 2.6 W   |
| Permissible voltage fluctuations   | +/- 10 %   |
| Operating medium                   | Compressed air to ISO 8573-1:2010[7:4:4]   |
| Note on operating and pilot medium | Lubricated operation possible (in which case lubricated operation will always be required) |
| Vibration resistance               | Transport application test with severity level 2 to FN 942017-4 and EN 60068-2-6           |
| Shock resistance                   | Shock test with severity level 2 to FN 942017-5 and EN 60068-2-27                          |
| Corrosion resistance class CRC     | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity             | VDMA24364-B1/B2-L  |
| Media temperature                  | -10 °C60 °C  |
| Pilot medium                       | Compressed air to ISO 8573-1:2010[7:4:4]   |
| Ambient temperature                | -10 °C60 °C  |
| Product weight                     | 172 g  |
| Electrical connection              | Туре С<br>То EN 175301-803   |
| Type of mounting                   | Either:<br>On manifold rail<br>With through-hole   |
| Breather connection                | Not ducted   |
| Pilot exhaust port 82              | M5   |
| Pilot air port 12                  | M5   |
| Pneumatic connection, port 1       | G1/8   |
| Pneumatic connection, port 2       | G1/8   |
| Pneumatic connection, port 3       | G1/8   |
| Note on materials                  | RoHS-compliant   |
| Material seals                     | HNBR<br>NBR  |
| Material housing                   | Die-cast aluminium<br>Painted  |
| Material piston slide              | Wrought aluminium alloy  |
| Material screws                    | Galvanised steel   |
