## Pneumatic valve JD-5/2-D-3-C Part number: 151866

5/2-way valve, bistable, dominant, pneumatically operated.

## **Data sheet**

Note on operating and pilot mediumLubricated ope operation)Vibration resistanceTransport appli EN 60068-2-6Shock resistanceShock test with 60068-2-27PWIS conformityVDMA24364-BMedium temperature-10 60 °CSound pressure level85 dB(A)Pilot mediumCompressed aiAmbient temperature-10 60 °CProduct weight810 gMounting typeOn subbaseWith through-hPilot air port 12Connection plaPilot air port 14Connection pla
