## Suction cup VAS-30-1/8-SI Part number: 158974

Sealing ring is not included in the scope of delivery. Type to be discontinued. Available until 2012.

## **Data sheet**

| Feature                                 | Value                                                    |
|-----------------------------------------|----------------------------------------------------------|
| Nominal size                            | 3 mm                                                     |
| suction cup diameter                    | 30 mm                                                    |
| Effective suction diameter              | 25 mm                                                    |
| Design structure                        | Vacuum connection at top                                 |
|                                         | round, standard                                          |
| Operating medium                        | Compressed air in accordance with ISO8573-1:2010 [7:-:-] |
| Ambient temperature                     | -40 200 °C                                               |
| Breakaway force at 70% vacuum           | 34 N                                                     |
| Product weight                          | 7 g                                                      |
| Mounting thread                         | G1/8                                                     |
| suction cup mounting                    | G 1/8                                                    |
| Vacuum connection                       | G1/8                                                     |
| Shore hardness                          | 60 +/- 5                                                 |
| Materials information for screw-in stud | Wrought Aluminum alloy                                   |
| Materials note                          | Contains PWIS substances                                 |
| Materials information for suction cup   | VMQ (silicon)                                            |
