## Solenoid valve MT2H-5/2-4,0-L-S-VI-B Part number: 159452 Product to be discontinued

For valve manifold Type to be discontinued. Available until 2017. See Support Portal for alternative products.

## **Data sheet**

| Feature                                 | Value  |
|---|--|
| Valve function                          | 5/2 monostable   |
| Type of actuation                       | electrical   |
| Width                                   | 17.8 mm  |
| Standard nominal flow rate              | 700 l/min  |
| Working pressure                        | -0.9 10 bar  |
| Design structure                        | Piston slide   |
| Type of reset                           | Air spring   |
| Protection class                        | IP65   |
| Authorization                           | c UL us - Recognized (OL)  |
| Nominal size                            | 5 mm   |
| Grid dimension                          | 18 mm  |
| Exhaust-air function                    | throttleable   |
| Sealing principle                       | soft   |
| Assembly position                       | Any  |
| Manual override                         | with accessories, detenting  |
| Type of piloting                        | Piloted  |
| Pilot air supply                        | external   |
| Flow direction                          | reversible   |
| Freedom from overlap                    | Yes  |
| Note on forced dynamisation             | Switching frequency at least once a week   |
| Pilot pressure                          | 4 6 bar  |
| b value                                 | 0.38   |
| C value                                 | 2.75 l/sbar  |
| Switching time off                      | 22 ms  |
| Switching time on                       | 12 ms  |
| Duty cycle                              | 100%   |
| Characteristic coil data                | 24 V DC: 2.5 W   |
| Operating medium                        | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Note on operating and pilot medium      | Lubricated operation possible (subsequently required for further operation)                    |
| Vibration resistance                    | Transport application test at severity level 1 in accordance with FN 942017-4 and EN 60068-2-6 |
| Shock resistance                        | Shock test SG2 to FN/EN  |
| Corrosion resistance classification CRC | 2  |
| Storage temperature                     | -20 40 °C  |
| Medium temperature                      | -5 50 °C   |
| Sound pressure level                    | 75 dB(A)   |
| Pilot medium                            | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Ambient temperature                     | -5 50 °C   |
| Product weight                          | 105 g  |
| Electrical connection                   | Plug   |
|   | Cubic design   |

## **FESTO**

| Feature                         | Value             |
|---------------------------------|-------------------|
|                                 | Design C          |
|                                 | to EN 175301-803  |
| Mounting type                   | On subbase        |
| Pilot exhaust port 82/84        | Subbase           |
| Pilot air port 12               | Subbase           |
| Pilot air port 14               | Subbase           |
| Pneumatic connection, port 1    | Subbase           |
| Pneumatic connection, port 2    | Subbase           |
| Pneumatic connection, port 3    | Subbase           |
| Pneumatic connection, port 4    | Subbase           |
| Pneumatic connection, port 5    | Subbase           |
| Materials note                  | Conforms to RoHS  |
| Materials information for seals | NBR               |
|                                 | HNBR              |
| Materials information, housing  | Aluminum die cast |
