## Vacuum valve MHA1-2X2/2G-1,5-4-4-4 Part number: 566175

## **FESTO**

## **Data sheet**

| Feature                                      | Value  |
|--|--|
| Valve function                               | 2x2/2 closed, monostable                                   |
| Actuation type                               | Electrical   |
| Width  | 20 mm  |
| Standard nominal flow rate                   | 30 l/min   |
| Pneumatic working port                       | QS-4   |
| Operating voltage                            | 24V DC   |
| Operating pressure                           | 0 bar1.5 bar   |
| Reset method                                 | Mechanical spring  |
| Degree of protection                         | IP40   |
| CE marking (see declaration of conformity)   | As per EU EMC directive<br>As per EU RoHS directive        |
| UKCA marking (see declaration of conformity) | To UK instructions for EMC<br>To UK RoHS instructions      |
| Nominal width                                | 1.5 mm   |
| Width dimension                              | 20 mm  |
| Exhaust air function                         | Without flow control option                                |
| Sealing principle                            | Soft   |
| Mounting position                            | Any  |
| Manual override                              | Non-detenting  |
| Type of control                              | Direct   |
| Flow direction                               | Non-reversible   |
| Signal status display                        | LED  |
| Operating pressure, reversible               | -0.95 bar0 bar   |
| Suitability for vacuum                       | yes  |
| Standard flow rate                           | 30 l/min   |
| Max. switching frequency                     | 10 Hz  |
| Switching time off                           | 6 ms   |
| On switching time                            | 6 ms   |
| Duty cycle                                   | 100%   |
| Coil characteristics                         | 24 V DC: low-current phase 0.7 W, high-current phase 3.0 W |
| Permissible voltage fluctuations             | +/- 10 %   |
| Operating medium                             | Compressed air as per ISO 8573-1:2010 [7:4:4]              |

| Feature                                  | Value  |
|--|--|
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use)                   |
| Vibration resistance                     | Transport application test with severity level 2 as per FN 942017-4 and EN 60068-2-6 |
| Shock resistance                         | Shock test with severity level 2 as per FN 942017-5 and EN 60068-2-27                |
| Corrosion resistance class (CRC)         | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity                   | VDMA24364-B2-L   |
| Storage temperature                      | -20 °C60 °C  |
| Temperature of medium                    | -5 °C50 ℃  |
| Ambient temperature                      | -5 °C50 ℃  |
| Product weight                           | 30.6 g   |
| Max. cable length                        | 30 m   |
| Electrical connection                    | KMH plug   |
| Type of mounting                         | With through-hole  |
| Pneumatic connection 1                   | QS-4   |
| Pneumatic connection 11                  | QS-4   |
| Pneumatic connection 2                   | QS-4   |
| Note on materials                        | RoHS-compliant   |
| Seals material                           | FPM<br>HNBR<br>NBR   |
| Housing material                         | PA-reinforced<br>PPS-reinforced  |
| Material of screws                       | Steel  |
