## Air solenoid valve VUVS-L20-M52-AZD-G18-F7-1C1

Part number: 575676

## **Data sheet**

| Feature                                | Value  |
|--|--|
| Valve function                         | 5/2, monostable                              |
| Actuation type                         | Electrical                                   |
| Valve size                             | 21 mm  |
| Standard nominal flow rate             | 700 l/min                                    |
| Pneumatic working port                 | G1/8   |
| Operating voltage                      | 24V DC                                       |
| Operating pressure                     | -0.09 MPa1 MPa<br>-0.9 bar10 bar             |
| Structural design                      | Piston gate valve                            |
| Reset method                           | Pneumatic spring                             |
| Certification                          | c UL us - Recognized (OL)                    |
| Degree of protection                   | IP65<br>With plug socket<br>as per IEC 60529 |
| Nominal width                          | 5.7 mm                                       |
| Exhaust air function                   | With flow control option                     |
| Sealing principle                      | Soft   |
| Mounting position                      | Any  |
| Manual override                        | Detenting<br>Non-detenting                   |
| Type of control                        | Pilot-controlled                             |
| Pilot air supply port                  | External                                     |
| Flow direction                         | Reversible                                   |
| Lap                                    | Overlap                                      |
| Pilot pressure MPa                     | 0.25 MPa1 MPa                                |
| Pilot pressure                         | 2.5 bar10 bar                                |
| b-value                                | 0.35   |
| C value                                | 2.9 l/sbar                                   |
| Switching time off                     | 29 ms  |
| On switching time                      | 20 ms  |
| Duty cycle                             | 100%   |
| Max. positive test pulse with 0 signal | 1900 μs                                      |

| Feature                                  | Value  |
|--|--|
| Max. negative test pulse on 1 signal     | 2700 μs  |
| Coil characteristics                     | 24 V DC: 2.6 W   |
| Permissible voltage fluctuations         | +/- 10 %   |
| Operating medium                         | Compressed air as per ISO 8573-1:2010 [7:4:4]  |
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use)                   |
| Vibration resistance                     | Transport application test with severity level 2 as per FN 942017-4 and EN 60068-2-6 |
| Shock resistance                         | Shock test with severity level 2 as per FN 942017-5 and EN 60068-2-27                |
| Corrosion resistance class (CRC)         | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity                   | VDMA24364-B1/B2-L  |
| Temperature of medium                    | -10 °C60 °C  |
| Pilot medium                             | Compressed air as per ISO 8573-1:2010 [7:4:4]  |
| Ambient temperature                      | -10 °C60 °C  |
| Product weight                           | 222 g  |
| Electrical connection                    | Form C as per EN 175301-803  |
| Type of mounting                         | Optionally:<br>On terminal strip<br>With through-hole                                |
| Venting hole connection                  | Not ducted   |
| Pneumatic spring connection 12           | M5   |
| Pilot exhaust air port 84                | M5   |
| Pilot air port 14                        | M5   |
| Pneumatic connection 1                   | G1/8   |
| Pneumatic connection 2                   | G1/8   |
| Pneumatic connection 3                   | G1/8   |
| Pneumatic connection 4                   | G1/8   |
| Pneumatic connection 5                   | G1/8   |
| Note on materials                        | RoHS-compliant   |
| Seals material                           | HNBR<br>NBR  |
| Housing material                         | Die-cast aluminum<br>Painted   |
| Piston slide material                    | Wrought aluminum alloy   |
| Material of screws                       | Steel, galvanized  |
