## Connecting cable NEBC-D12G4-ES-5-S-D12G4-ET Part number: 8040449

## **Data sheet**

| Feature  | Value  |
|--|--|
| Cable designation                              | With label holder  |
| Contact durability                             | 50   |
| Product weight                                 | 331.5 g  |
| Electrical connection 1, function              | Field device end   |
| Electrical connection 1, design                | Round  |
| Electrical connection 1, connection type       | Plug   |
| Electrical connection 1, cable outlet          | Straight   |
| Electrical connection 1, connection technology | M12x1, D-coded as per EN 61076-2-101   |
| Electrical connection 1, number of pins/wires  | 4  |
| Electrical connection 1, occupied pins/wires   | 4  |
| Electrical connection 1, type of mounting      | Screw-type lock with hexagon AF13 and vertical knurling  |
| Electrical connection 2, function              | Control side   |
| Electrical connection 2, design                | Round  |
| Electrical connection 2, connection type       | Plug   |
| Electrical connection 2, cable outlet          | Straight   |
| Electrical connection 2, connection technology | M12x1, D-coded as per EN 61076-2-101   |
| Electrical connection 2, number of pins/wires  | 4  |
| Electrical connection 2, occupied pins/wires   | 4  |
| Electrical connection 2, type of mounting      | Screw-type lock with hexagon AF 13 and longitudinal knurl  |
| DC operating voltage range                     | 0 V30 V  |
| Current rating at 40° C                        | 4 A  |
| Surge resistance                               | 0.8 kV   |
| Note on surge resistance                       | Due to screening, a leakage flow of up to 20 mA is permissible.  |
| Transmission characteristics                   | In accordance with category 5, EN 50173, class D<br>According to category 5, ISO/IEC 11801, class D                              |
| Ethernet cable specification                   | Typ: CAT.5   |
| Cable length                                   | 5 m  |
| Cable characteristic                           | Suitable for energy chains   |
| Connector cable test conditions                | Flexural strength: as per Festo standard<br>Test conditions on request<br>Energy chain > 2 million cycles, bending radius 100 mm |
| Bending radius, fixed cable installation       | 40 mm  |

| Feature  | Value                                |
|--|--------------------------------------|
| Bending radius, flexible cable installation          | 100 mm                               |
| Cable diameter                                       | 6.7 mm                               |
| Cable diameter tolerance                             | ± 0.3 mm                             |
| Cable design   | 4 x 0.34 mm <sup>2</sup> (star quad) |
| Nominal conductor cross section                      | 0.34 mm <sup>2</sup><br>AWG22        |
| Degree of protection                                 | IP65<br>IP67                         |
| Special features                                     | Oil-resistant                        |
| Ambient temperature                                  | -25 °C80 °C                          |
| Ambient temperature with flexible cable installation | -20 °C60 °C                          |
| Storage temperature                                  | -25 °C80 °C                          |
| CE marking (see declaration of conformity)           | As per EU RoHS directive             |
| UKCA marking (see declaration of conformity)         | To UK RoHS instructions              |
| LABS (PWIS) conformity                               | VDMA24364-B2-L                       |
| Note on materials                                    | RoHS-compliant                       |
| Contamination level                                  | 3                                    |
| Corrosion resistance class (CRC)                     | 1 - Low corrosion stress             |
| Material of cable sheath                             | TPE-U(PUR)                           |
| Color cable sheath                                   | Green                                |
| Housing material                                     | TPE-U(PUR)                           |
| Housing colour                                       | Black                                |
| Material of screw-type lock                          | Die-cast zinc, nickel-plated         |
| Material of pin contacts                             | Brass<br>Gold-plated                 |
| Insulating sheath material                           | PE                                   |
| Threaded sleeve material                             | Die-cast zinc                        |
