## Solenoid valve VUVG-L18-T32U-MZT-G14-1H2L-F1A

**FESTO** 

Part number: 8172842

## **Data sheet**

| Feature   | Value                                      |
|---|--|
| Valve function  | 2x3/2-way, open, monostable                |
| Type of actuation                                     | Electric                                   |
| Valve size  | 18 mm                                      |
| Standard nominal flow rate (standardised to DIN 1343) | 990 l/min                                  |
| pneumatic working port                                | G1/4                                       |
| Operating voltage                                     | 24V DC                                     |
| Operating pressure                                    | -0.09 MPa1 MPa<br>-0.9 bar10 bar           |
| Design  | Piston gate valve                          |
| Type of reset   | Mechanical spring                          |
| Approval  | RCM trademark<br>c UL us - Recognized (OL) |
| Certificate issuing authority                         | UL MH19482                                 |
| Degree of protection                                  | IP40                                       |
| Nominal size  | 5.7 mm                                     |
| Exhaust-air function                                  | With flow control option                   |
| Sealing principle                                     | Soft                                       |
| Mounting position                                     | optional                                   |
| Manual override                                       | Detenting Non-detenting Covered            |
| Type of piloting                                      | Pilot actuated                             |
| Pilot air supply                                      | External                                   |
| lap   | Overlap                                    |
| Pilot pressure  | 0.3 MPa0.8 MPa<br>3 bar8 bar               |
| Suitability for vacuum                                | yes  |
| Switching time off                                    | 29 ms                                      |
| Switching time on                                     | 20 ms                                      |
| Duty cycle  | 100%                                       |
| Max. positive test pulse with 0 signal                | 700 μs                                     |
| Max. negative test pulse with 1 signal                | 900 μs                                     |
| Characteristic coil data                              | 24 V DC: 0.8 W                             |

| Feature  | Value   |
|--|---|
| Permissible voltage fluctuations                     | +/- 10 %  |
| Operating medium                                     | Compressed air to ISO 8573-1:2010 [7:4:4]   |
| Note on operating and pilot medium                   | Lubricated operation possible (in which case lubricated operation will always be required)  |
| Vibration resistance                                 | Transport application test with severity level 2 to FN 942017-4 and EN 60068-2-6  |
| Restrictions for environmental and media temperature | -5 50° C<br>Without holding current reduction   |
| Shock resistance                                     | Shock test with severity level 2 to FN 942017-5 and EN 60068-2-27   |
| Corrosion resistance class CRC                       | 0 - No corrosion stress   |
| LABS (PWIS) conformity                               | VDMA24364 zone III  |
| Suitability for the production of Li-ion batteries   | Metals with more than 1% by mass of copper, zinc or nickel are excluded from use. The exceptions are nickel in steel, chemically nickel-plated surfaces, circuit boards, cables, electrical plug connectors and coils |
| Cleanroom class                                      | Class 5 according to ISO 14644-1  |
| Storage temperature                                  | -20 °C60 °C   |
| Media temperature                                    | -5 °C50 °C  |
| Pilot medium   | Compressed air to ISO 8573-1:2010 [7:4:4]   |
| Ambient temperature                                  | -5 °C50 °C  |
| Product weight                                       | 164 g   |
| Electrical connection                                | 2-pin Plug pattern H, horizontal connection Plugs   |
| Type of mounting                                     | Either: On manifold rail With through-hole  |
| Pilot air port 12/14                                 | M5  |
| Pneumatic connection, port 1                         | G1/4  |
| Pneumatic connection, port 2                         | G1/4  |
| Pneumatic connection, port 3                         | G1/4  |
| Pneumatic connection, port 4                         | G1/4  |
| Pneumatic connection, port 5                         | G1/4  |
| Note on materials                                    | RoHS-compliant  |
| Material seals                                       | HNBR<br>NBR   |
| Material housing                                     | Wrought aluminium alloy   |
| Material screws                                      | Coated steel  |
