## **Motor cable** NEBM-M23G15-EH-5-Q7N-S1LEG21 Part number: 8190885

**FESTO** 

## **Data sheet**

| Feature  | Value                      |
|--|----------------------------|
| Based on norm                                  | EN 61984                   |
| Cable designation                              | Without label holder       |
| Product weight                                 | 0.995 kg                   |
| Electrical connection 1, function              | Field device end           |
| Electrical connection 1, design                | Round                      |
| Electrical connection 1, connection type       | Hybrid socket              |
| Electrical connection 1, cable outlet          | Straight                   |
| Electrical connection 1, connection technology | M23x1                      |
| Electrical connection 1, number of pins/wires  | 15                         |
| Electrical connection 1, occupied pins/wires   | 12                         |
| Electrical connection 1, type of mounting      | Snap-locking               |
| Electrical connection 2, function              | Control side               |
| Electrical connection 2, connection type       | Cable                      |
| Electrical connection 2, cable outlet          | Straight                   |
| Electrical connection 2, connection technology | Sub-D and open end         |
| Electrical connection 2, number of pins/wires  | 21                         |
| Electrical connection 2, occupied pins/wires   | 12                         |
| Electrical connection 2, type of mounting      | Inserted                   |
| DC operating voltage range                     | 0 V850 V                   |
| Operating voltage range AC                     | 0 V630 V                   |
| Current rating at 40° C                        | 11.7 A                     |
| Surge resistance                               | 6 kV                       |
| Shield   | yes                        |
| Cable length                                   | 5 m                        |
| Cable characteristic                           | Suitable for energy chains |
| Connector cable test conditions                | Test conditions on request |
| Bending radius, fixed cable installation       | 48 mm                      |
| Bending radius, flexible cable installation    | 90 mm                      |
| Cable diameter                                 | 12 mm                      |
