Quick connectors CK

Technical data

FESTO

Quick connector CK

Male thread with sealing ring

Material:

M thread: Steel, aluminium

G thread: Blue anodised aluminium

Free of copper and PTFE

Certification: Germanischer Lloyd

Quick connector CK-...-KU

Male thread with moulded-on sealing ring

Material:

Polyacetate

Free of copper and PTFE

Conforms to RoHS

Pressure range: 0 ... 10 bar

Temperature range: -10 ... +60 °C

Certification: Germanischer Lloyd

Hollow bolt VT with ring piece LK
(one outlet connection)

Materials:

Hollow bolt: Galvanised steel

Ring piece LK: Die-cast zinc

Ring piece LK-...-KU: Polymer

Free of copper and PTFE

Certification:

Ring piece LK: Germanischer Lloyd

Product Range and Company Overview

A Complete Suite of Automation Services

Our experienced engineers provide complete support at every stage of your development process, including: conceptualization, analysis, engineering, design, assembly, documentation, validation, and production.

Custom Automation Components
Complete custom engineered solutions

Custom Control Cabinets
Comprehensive engineering support and on-site services

Complete Systems
Shipment, stocking and storage services

The Broadest Range of Automation Components

With a comprehensive line of more than 30,000 automation components, Festo is capable of solving the most complex automation requirements.

Electromechanical
Electromechanical actuators, motors, controllers & drives

Pneumatics
Pneumatic linear and rotary actuators, valves, and air supply

PLCs and I/O Devices
PLC's, operator interfaces, sensors and I/O devices

Supporting Advanced Automation... As No One Else Can!

Festo is a leading global manufacturer of pneumatic and electromechanical systems, components and controls for industrial automation, with more than 12,000 employees in 56 national headquarters serving more than 180 countries. For more than 80 years, Festo has continuously elevated the state of manufacturing with innovations and optimized motion control solutions that deliver higher performing, more profitable automated manufacturing and processing equipment. Our dedication to the advancement of automation extends beyond technology to the education and development of current and future automation and robotics designers with simulation tools, teaching programs, and on-site services.

Quality Assurance, ISO 9001 and ISO 14001 Certifications

Festo Corporation is committed to supply all Festo products and services that will meet or exceed our customers' requirements in product quality, delivery, customer service and satisfaction.

To meet this commitment, we strive to ensure a consistent, integrated, and systematic approach to management that will meet or exceed the requirements of the ISO 9001 standard for Quality Management and the ISO 14001 standard for Environmental Management.
