FESTO

Quick Exhaust Valve

With Built-in Silencer

Type SEU-...
SEU-...-NPT

Using this element, increased piston speeds can be attained in single-acting and double-acting cylinders.

Compressed air flows from the control valve to the cylinder by path 1 to 2. Exhaust (3) is then closed. If the pressure at 1 decreases, 2 is exhausted to 3 through the built-in silencer.

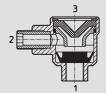

For effective performance, the quick exhaust valve must be mounted directly on the cylinder port.

Noise level is reduced by the silencer.

Accessories:

Type HSE-... mounting bracket

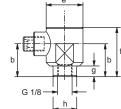

Example: Type SEU-1/4

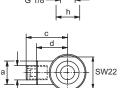

1 (P) = Supply 2 (A) = Outlet

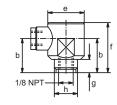

3 (R) = Exhaust

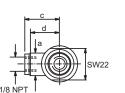

Type SEU-1/8

Type SEU-1/8-NPT

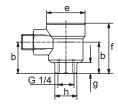

Type SEU-1/2

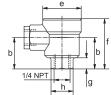

Type SEU-3/8

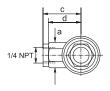

Type SEU-1/4

Type SEU-1/4-NPT

Product Range and Company Overview

A Complete Suite of Automation Services

Our experienced engineers provide complete support at every stage of your development process, including: conceptualization, analysis, engineering, design, assembly, documentation, validation, and production.

Custom Automation ComponentsComplete custom engineered solutions

Custom Control CabinetsComprehensive engineering support and on-site services

Complete SystemsShipment, stocking and storage services

The Broadest Range of Automation Components

With a comprehensive line of more than 30,000 automation components, Festo is capable of solving the most complex automation requirements.

ElectromechanicalElectromechanical actuators, motors, controllers & drives

PneumaticsPneumatic linear and rotary actuators, valves, and air supply

PLC's and I/O Devices
PLC's, operator interfaces, sensors
and I/O devices

Supporting Advanced Automation... As No One Else Can!

Festo is a leading global manufacturer of pneumatic and electromechanical systems, components and controls for industrial automation, with more than 12,000 employees in 56 national headquarters serving more than 180 countries. For more than 80 years, Festo has continuously elevated the state of manufacturing with innovations and optimized motion control solutions that deliver higher performing, more profitable automated manufacturing and processing equipment. Our dedication to the advancement of automation extends beyond technology to the education and development of current and future automation and robotics designers with simulation tools, teaching programs, and on-site services.

Quality Assurance, ISO 9001 and ISO 14001 Certifications

Festo Corporation is committed to supply all Festo products and services that will meet or exceed our customers' requirements in product quality, delivery, customer service and satisfaction.

To meet this commitment, we strive to ensure a consistent, integrated, and systematic approach to management that will meet or exceed the requirements of the ISO 9001 standard for Quality Management and the ISO 14001 standard for Environmental Management.
