FESTO

Swivel modules DSM/DSM-B

Key features

At a glance

- Double-acting swivel module with rotary vanes
- The swivel angle is infinitely adjustable over the entire swivel range
- High precision thanks to metal fixed stops
- Polyurethane ensures a long service life for the rotary vane and sealing system
- Easy precision adjustment of the end positions using the cushioning components
- The mechanical gearing between the stop element and the swivel module prevents movement of the stop system under load
- Torques of up to 80 Nm with tandem rotary vanes in combination with multi-tooth shaft

The technology in detail

Swivel modules DSM/DSM-B

Key features

Wide choice of variants

DSM-T-...: Swivel module with tandem rotary vanes

The arrangement of two rotary vanes on the multi-tooth shaft enables torques of up to 80 Nm to be achieved.

The functionality is the same as that of the DSM without tandem rotary vanes:

- Infinitely adjustable swivel angle
- Identical interfaces
- Identical accessories

DSM-...-HD: Swivel module with heavy-duty bearing

Backlash-free, preloaded, high-quality bearing elements allow very high load torques and very precise bearing with high running accuracy.

The functionality corresponds to that of the DSM-B without heavy-duty bearing:

- Infinitely adjustable swivel angle

- Identical mounting interfaces
 - Identical accessories
- Choice of two cushioning types:
- Cushioning P1 and CC

DSM-... – With flanged shaft, adjustable swivel angle and position sensing

DSM-T-... – With flanged shaft, tandem rotary vanes, adjustable swivel angle and position sensing

1 Proximity sensor not included in the scope of delivery. Observe fitting space for proximity sensor and cable

2 Magnet position

3 Max. tightening torque for sensor bracket screws
→ table below

Note

The swivel angle is infinitely adjustable over the entire swivel range. Size 6 mm can only be adjusted symmetrically around the centre position.

Peripherals overview DSM-12 ... 63

Accessories	For size	Brief description	→ Page/ Internet
1 Freewheel unit FLSM	12 ... 40	- For indexed rotation in one direction - Only in combination with swivel module DSM with spigot shaft	50
2 Push-on flange FWSR	12 ... 40	For retrofitting on swivel module DSM with spigot shaft	51
3 Mounting plate HSM	12 ... 40	For foot or flange mounting	52
4 Push-in fitting QS	12 ... 63	For connecting compressed air tubing with standard O.D.	quick star
5 One-way flow control valve GRLA	12 ... 63	For regulating speed	56
6 Cushioning mount DSM-B	12 ... 63	- For mounting elastic cushioning components or shock absorbers - Included in the scope of delivery for swivel module DSM-...-P/P1/CC	53
7 Cushioning kit DSM-...-P	12 ... 63	- Elastic cushioning components with fixed stop - Included in the scope of delivery for swivel module DSM-...-P	46
8 Shock absorber DYEF	12 ... 63	- Adjustable, elastic cushioning components with fixed stop - Included in the scope of delivery for swivel module DSM-...-P1	46
9 Shock absorber DYSC	12 ... 63	- Self-adjusting shock absorbers with fixed stop - Included in the scope of delivery for swivel module DSM-...-CC	46
10 Sensor bracket SL-DSM-B	12 ... 40	For mounting the proximity sensor SME/SMT-10	54
11 Proximity sensor SME/SMT-10	12 ... 40	For sensing the end positions	54
12 Sensor bracket SL-DSM-63-B	63	For mounting the proximity sensor SME/SMT-8	54
13 Proximity sensor SME/SMT-8	63	For sensing the end positions	55
14 Sensor bracket SL-DSM-S	12 ... 40	For mounting the round inductive proximity sensor SIEN	54
15 Proximity sensor SIEN	12 ... 40	Inductive proximity sensor for sensing the end positions	55
16 Cover cap AKM	12 ... 40	Reduces the risk of injury in the swivel range of the stop lever	52
17 Centring sleeve ZBH	12 ... 63	For centring the drive	56
18 Centring sleeve ZBH	12 ... 63	For centring attachments on the rotating plate	56
19 Centring sleeve/disc ZBH/SLZZ	12, 16, 25, 40, 63	For centring attachments in the middle of the rotating plate	56

DSM-...-P	[kgm ²]	→ 33					
DSM-...-P1	[kgm ²]	→ 34					
DSM-...-CC	[kgm ²]	→ 35					

Note

If the swivel modules DSM-...-A-B are used without a stop system or the mass moment of inertia is exceeded, external stops must be used.

A minimum radius relative to the drive shaft (r_{min}) must be observed. The stop force must not exceed the maximum force.

Product Range and Company Overview

A Complete Suite of Automation Services

Our experienced engineers provide complete support at every stage of your development process, including: conceptualization, analysis, engineering, design, assembly, documentation, validation, and production.

Custom Automation Components
Complete custom engineered solutions

Custom Control Cabinets
Comprehensive engineering support and on-site services

Complete Systems
Shipment, stocking and storage services

The Broadest Range of Automation Components

With a comprehensive line of more than 30,000 automation components, Festo is capable of solving the most complex automation requirements.

Electromechanical
Electromechanical actuators, motors, controllers & drives

Pneumatics
Pneumatic linear and rotary actuators, valves, and air supply

PLCs and I/O Devices
PLC's, operator interfaces, sensors and I/O devices

Supporting Advanced Automation... As No One Else Can!

Festo is a leading global manufacturer of pneumatic and electromechanical systems, components and controls for industrial automation, with more than 12,000 employees in 56 national headquarters serving more than 180 countries. For more than 80 years, Festo has continuously elevated the state of manufacturing with innovations and optimized motion control solutions that deliver higher performing, more profitable automated manufacturing and processing equipment. Our dedication to the advancement of automation extends beyond technology to the education and development of current and future automation and robotics designers with simulation tools, teaching programs, and on-site services.

Quality Assurance, ISO 9001 and ISO 14001 Certifications

Festo Corporation is committed to supply all Festo products and services that will meet or exceed our customers' requirements in product quality, delivery, customer service and satisfaction.

To meet this commitment, we strive to ensure a consistent, integrated, and systematic approach to management that will meet or exceed the requirements of the ISO 9001 standard for Quality Management and the ISO 14001 standard for Environmental Management.
