

Release Notes | QuickSearchPlus 2024-07

-  Working Offline
-  Offline Config
-  2D/3D CAD

Offline Configuration | No Internet – No Problem

Offline functions

- Check configuration
- Open configurator
- Live ID code check while typing
- ID code detection on clipboard
- Quick-Add to parts list
- IC Check in parts list

Limitations while offline

- No product key e.g. 3S7PLBL10CK
- No OrderID e.g. C475540
- No Accessories
- No price, no delivery time, no SAP,..

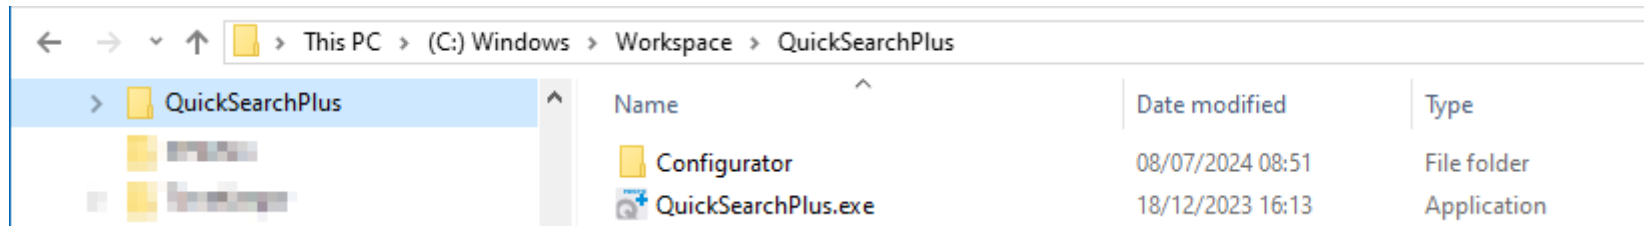

But works if button is pressed “accidentally”

The screenshot shows two overlapping windows of the Festo configurator. The top window is in 'Online' mode, indicated by a green checkmark and 'Online FESTO' text. The bottom window is in 'Offline' mode, indicated by a red 'X' and 'Offline FESTO' text. Red arrows from the 'Offline functions' list point to various UI elements: 'Check configuration' points to the 'Configure' button; 'Open configurator' points to the 'Configure' button; 'Live ID code check while typing' points to the 'Configure' button; 'ID code detection on clipboard' points to the 'Configure' button; 'Quick-Add to parts list' points to the 'Quick add...' button; 'IC Check in parts list' points to the 'IC Check' button in the parts list toolbar.

Quantity	Part no.	Type	Designation	ID1	ID2

Offline Configuration | How to copy ... Unzip .. start

1. Copy latest **Configurator_2024_MM_DD.zip** from https://ftp.festo.com/Public/PNEUMATIC/SOFTWARE_SERVICE/QuickSearch/
2. Unzip **Configurator_2024_MM_DD.zip** below **QuickSearchPlus.exe**
3. Your QS+ directory should look like this

Note:

No **special characters** in the path name allowed.

No **OneDrive** or **Network Drive** allowed.

Engineering Tools Menu | Bugs Fixes and Minor Improvements

Short description

After language/country change, the **shown product information will be translated**

The wrong code **QS-1/2-10** was accidentally routed to **QS-12-10** due to over-engineered algorithm 😊

SGS-M16*1.5 is now recognized as **SGS-M16X1,5** on clipboard and QuickAdd to parts list

NEBM-M23G15-EH-25-Q9N-R3LEG14 is not routed to NEBM-M23G15-EH-2.5-Q9N-R3LEG14 now (FEHA vs. x-LENGTH)

QuickAdd to clipboard: a mixture of type/ID and part number are now converted correctly

Identcode check in parts list with progress dialog and **Cancel** option

Release Notes

Replace selected item in parts list

The screenshot shows the software interface with the 'Replace' button highlighted by a black box with the number '3'. A dropdown menu is open, showing a list of alternative parts. The first item in the list is '157244 AEVUZ-80-10-P-A Compact air cylinder', which is highlighted by a blue box with the number '2'. A mouse cursor is pointing at this item. The main parts list below shows the current selection: '157246 AEVUZ-80-20-P-A Compact air cylinder'.

Quantity	Part no.	Type	Designation	ID1
1	549194	AKM-12	Cover cap	AKM-12
1	10399	AH-06-B	Toggle lever	AH-06-B
1	157246	AEVUZ-80-20-P-A	Compact air cylinder	AEVUZ-80-20-P-A
1	157306	FLA-80	Flange mounting	FLA-80

The screenshot shows the result of the replacement operation. The main parts list now shows '157244 AEVUZ-80-10-P-A Compact air cylinder' instead of the previous part. A black box with the number '4' is placed over the new part number in the list.

Quantity	Part no.	Type	Designation	ID1
1	549194	AKM-12	Cover cap	AKM-12
1	10399	AH-06-B	Toggle lever	AH-06-B
1	157244	AEVUZ-80-10-P-A	Compact air cylinder	AEVUZ-80-10-P-A
1	157306	FLA-80	Flange mounting	FLA-80

- 1 Select a line in the parts list
- 2 Choose the **new item** in the product list
- 3 Click the **Replace** button
- 4 The line is replaced by the **new item**

Insert item after selected item in parts list

The screenshot shows the 'Insert' menu open over a parts list. The menu options include 'Insert', 'Insert after', and 'Insert in parts list > BMW<'. The 'Insert' option is highlighted. A blue arrow labeled '3' points to the 'Insert' button in the toolbar. Another blue arrow labeled '2' points to the selected row in the product list.

Quantity	Part no.	Type	Designation	ID1
1	549194	AKM-12	Cover cap	AKM-12
1	10399	AH-06-B	Toggle lever	AH-06-B

All accessories and recommended accessories like online catalog

The image shows a screenshot of the Festo online catalog interface. On the left, there are two filter panels. The top panel is titled 'Find the perfect accessories to complete your product assembly' and has a 'Filter by' section with two radio buttons: 'All Accessories' and 'Only recommended Accessories'. The 'Only recommended Accessories' option is selected and highlighted with a red box. Below this, there are several category dropdowns: 'Mounting accessories', 'Function fittings', 'Fittings', and 'Proximity sensors'. The word 'Online' is written in large blue letters to the right of these filters. A blue arrow labeled 'Recommended accessories' points from this filter section towards the product list on the right.

The bottom filter panel is also titled 'Find the perfect accessories to complete your product assembly' and has 'Filter by' radio buttons for 'All Accessories' (selected) and 'Only recommended Accessories'. Below these are more category dropdowns: 'Mounting accessories', 'Cylinder sensors for direct mounting', 'Function fittings', 'Other connectors', 'Barbed fittings', 'Quick connectors', and 'Push-in fittings'. The word 'Online' is written in large blue letters to the right. A blue arrow labeled 'All accessories' points from this filter section towards the product list on the right.

On the right side, there is a product list table. The first row is highlighted in blue and contains the text 'DLGF-KF-25-150-PPSA', '5072371', and 'Linear actuator'. Below this, there is a section titled 'Recommended Accessories' with a red box around it. This section lists various accessories with their part numbers and descriptions, such as 'DADG-1L-N8-P2' (8069000 Cable holder), 'DAMH-L8-25-P-1' (8069000 Profile mounting), and 'DAYP-L8-25' (8069000 Shock absorber...). A 'QST+' logo is overlaid on this section. Below the 'Recommended Accessories' section, there is a list of categories: 'Function fittings', 'Push-in fittings', 'Quick connectors', 'Other connectors', 'Barbed fittings', 'Mounting accessories', and 'Cylinder sensors for direct mounting'. This list is highlighted with a yellow box. A blue arrow labeled 'All accessories' points from this list back towards the filter sections.

Button **What is new in version xxx**

What's new in version 2023.12

bugs fixes and minor improvements

Short description

Fix column width when **copy parts list to Online-Outlook** in Browser

When moving mouse on tiny product thumbnail, product picture turned white

Removed unit conversion tool from internal SPIMS+ menu (tool no more available)

Fixed an issue with phased-out MS4- and MS6- products which are part of KMAT now
