## Pinch valve VZQA-C-M22U-15-GG-ALPOMN-4 Part number: 3022832

## **Data sheet**

| Feature                     | Value                                                                                                                                                                                                      |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Design                      | Pinch valve, pneumatically actuated                                                                                                                                                                        |
| Type of actuation           | Pneumatic                                                                                                                                                                                                  |
| Sealing principle           | Soft                                                                                                                                                                                                       |
| Mounting position           | optional                                                                                                                                                                                                   |
| Type of mounting            | In-line installation                                                                                                                                                                                       |
| Connection Process valve    | G1/2                                                                                                                                                                                                       |
| Nominal size DN             | 15                                                                                                                                                                                                         |
| Valve function              | 2/2 open, single solenoid                                                                                                                                                                                  |
| Flow direction              | Reversible                                                                                                                                                                                                 |
| Medium pressure             | 0 MPa0.4 MPa<br>0 bar4 bar<br>0 psi58 psi                                                                                                                                                                  |
| Note on the medium pressure | Use in the vacuum range was tested up to -0.09 MPa with the air at room temperature.Depending on the application, a counter-vacuum may have to be created on the control side to guarantee the media flow. |
| Operating pressure          | 0.1 MPa0.65 MPa<br>1 bar6.5 bar<br>14.5 psi94.25 psi                                                                                                                                                       |
| Nominal pressure PN         | 10                                                                                                                                                                                                         |
