## Proximity sensor SIED-M12NB-ZS-S-L

**FESTO** 

Part number: 538267

## **Data sheet**

| Feature                                 | Value  |
|---|--|
| Design                                  | Round  |
| Conforms to standard                    | EN 60947-5-2   |
| Approval                                | RCM trademark<br>c UL us listed (OL)   |
| CE mark (see declaration of conformity) | To EU EMC Directive<br>To EU Low Voltage Directive   |
| Measuring principle                     | Inductive  |
| Rated operating distance                | 4 mm   |
| Assured operating distance              | 3.24 mm  |
| Reduction factors                       | Aluminium = 0.6<br>Stainless steel St 18/8 = 0.9<br>Copper = 0.5<br>Brass = 0.6<br>Steel St 37 = 1.0 |
| Ambient temperature                     | -25 °C85 °C  |
| Repetition accuracy                     | 0.2 mm   |
| Switching output                        | Non-contacting, 2-wire   |
| Switching element function              | N/O contact  |
| Hysteresis                              | 0.03 mm0.88 mm   |
| Max. switching frequency DC             | 900 Hz   |
| Max. switching frequency AC             | 25 Hz  |
| Max. output current                     | 200 mA   |
| Voltage drop                            | 8 V  |
| Min. load current                       | 5 mA   |
| Short circuit current rating            | no   |
| Operational voltage range AC            | 20 V265 V  |
| Operational voltage range DC            | 20 V320 V  |
| Mains frequency                         | 50 Hz  |
| No-load supply current                  | 1.5 mA   |
| Reverse polarity protection             | For all electrical connections   |
| Electrical connection                   | 2-pin<br>M12x1<br>Plugs  |
| Size                                    | M12  |

| Feature                                     | Value                    |
|---|--------------------------|
| Type of mounting                            | Via lock nut             |
| Tightening torque                           | 10 Nm                    |
| Mounting type                               | Not flush                |
| Product weight                              | 20 g                     |
| Material housing                            | Brass PA Nickel-plated   |
| Switching status indication                 | Yellow LED               |
| Degree of protection                        | IP67                     |
| Corrosion resistance class CRC              | 1 - Low corrosion stress |
| LABS (PWIS) conformity                      | VDMA24364-B2-L           |
| Additional information for sensor selection | For DC and AC voltage    |
| Electrical output                           | Non-contacting, 2-wire   |
| Selection of sensor design                  | Standard                 |
