## Adapter NEFM-REG6-K-0.5-B-R3G8

**FESTO** 

Part number: 8097195

## **Data sheet**

| Feature  | Value                                     |
|--|---|
| Additional functions                                 | for battery                               |
| Product weight                                       | 64 g                                      |
| Electrical connection 1, function                    | Field device side                         |
| Electrical connection 1, design                      | Angular                                   |
| Electrical connection 1, connection type             | Socket                                    |
| Electrical connection 1, cable outlet                | Straight                                  |
| Electrical connection 1, connector system            | Connection pattern RE                     |
| Electrical connection 1, number of connections/cores | 6   |
| Electrical connection 1, used connections/cores      | 4   |
| Electrical connection 2, function                    | Controller side                           |
| Electrical connection 2, design                      | Angular                                   |
| Electrical connection 2, connection type             | Plugs                                     |
| Electrical connection 2, cable outlet                | Straight                                  |
| Electrical connection 2, connector system            | RJ45                                      |
| Electrical connection 2, number of connections/cores | 8   |
| Electrical connection 2, used connections/cores      | 6   |
| Operational voltage range DC                         | 0 V30 V                                   |
| Operational voltage range AC                         | 0 V30 V                                   |
| Current rating at 40° C                              | 1.6 A                                     |
| Immunity to surge                                    | 2 kV                                      |
| Shielding  | yes                                       |
| Cable length   | 0.5 m                                     |
| Cable characteristic                                 | Standard                                  |
| Test conditions cable                                | Test conditions on request                |
| Bending radius, fixed cable                          | 68 mm                                     |
| Cable diameter                                       | 6.8 mm                                    |
| Cable structure                                      | 4 x (2 x 0.081 mm²) + 1 x (2 x 0.205 mm²) |

| Feature                                      | Value  |
|--|--|
| Nominal cross section conductor              | 0.081 mm <sup>2</sup><br>0.205 mm <sup>2</sup> |
| Conductor nominal cross section              | AWG24<br>AWG28                                 |
| Degree of protection                         | IP20   |
| Note on degree of protection                 | In assembled state                             |
| Ambient temperature                          | -40 °C80 °C                                    |
| CE mark (see declaration of conformity)      | In accordance with EU RoHS Directive           |
| UKCA marking (see declaration of conformity) | To UK RoHS instructions                        |
| LABS (PWIS) conformity                       | VDMA24364 zone III                             |
| Note on materials                            | RoHS-compliant                                 |
| Pollution degree                             | 3  |
| Corrosion resistance class CRC               | 0 - No corrosion stress                        |
| Material cable sheath                        | PVC  |
| Cable sheath colour                          | Black  |
| Material housing                             | PVC  |
| Housing colour                               | grey   |
| Material insulating sheath                   | PVC  |
