## Semi-rotary actuator DRE-150-F14-Q10-FO-C Part number: 190392

**FESTO** 

Single-acting, air connection as per VDI/VDE 3845, Namur valves can be directly flange-mounted

## **Data sheet**

| Feature                                      | Value                                                                       |
|----------------------------------------------|-----------------------------------------------------------------------------|
| Size of actuator                             | 150                                                                         |
| Flange hole pattern                          | F14                                                                         |
| Swivel angle                                 | 90 deg                                                                      |
| Fitting connection conforms to standard      | ISO 5211                                                                    |
| Cushioning                                   | No cushioning                                                               |
| Assembly position                            | Any                                                                         |
| Mode of operation                            | single-acting                                                               |
| Design structure                             | Rack and pinion                                                             |
| Position detection                           | No                                                                          |
| Closing direction                            | Spring force, opening                                                       |
| Valve connection conforms to standard        | VDI/VDE 3845 (NAMUR)                                                        |
| Working pressure                             | 2 10 bar                                                                    |
| ATEX category Gas                            | II 2G                                                                       |
| Explosion ignition protection type Gas       | c T6                                                                        |
| ATEX category Dust                           | II 2D                                                                       |
| Explosion ignition protection type Dust      | c 60°C                                                                      |
| Explosion-proof ambient temperature          | -20°C <= Ta <= +60°C                                                        |
| Operating medium                             | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                    |
| Note on operating and pilot medium           | Lubricated operation possible (subsequently required for further operation) |
| CE symbol (see declaration of conformity)    | according to EU-Ex protection guideline (ATEX)                              |
| Corrosion resistance classification CRC      | 4                                                                           |
| Ambient temperature                          | -20 80 °C                                                                   |
| Torque at 6 bar                              | 1,096 Nm                                                                    |
| Spring return moment                         | 421 Nm                                                                      |
| Air consumption at 6 bar per cycle 0°-90°-0° | 37.21                                                                       |
| Product weight                               | 47,400 g                                                                    |
| Shaft connection                             | V36                                                                         |
| Pneumatic connection                         | Subbase                                                                     |
