

# Moment compensator DARD-L1-25-M

Part number: 2349275

FESTO

## Data sheet

| Feature                                                | Value                      |
|--------------------------------------------------------|----------------------------|
| Size                                                   | 25                         |
| Radial deviation +/-                                   | 2.5 mm                     |
| Corrosion resistance class CRC                         | 1 - Low corrosion stress   |
| LABS (PWIS) conformity                                 | VDMA24364-B1/B2-L          |
| Ambient temperature                                    | -10 °C...60 °C             |
| Max. permissible long-term load in force direction +/- | 800 N                      |
| Product weight                                         | 240 g                      |
| Note on materials                                      | RoHS-compliant             |
| Material adapter                                       | Galvanised steel           |
| Material bolt                                          | High-alloy stainless steel |
| Material bushing                                       | Galvanised steel           |
| Material joint                                         | Galvanised steel           |
| Material screws                                        | Coated steel               |
