

# Shock absorber YSRW-DGC-32-GF

Part number: 540350

## Data sheet

| Feature                        | Value                                       |
|--------------------------------|---------------------------------------------|
| Size                           | 32                                          |
| Cushioning                     | Self-adjusting<br>Soft characteristic curve |
| Mounting position              | optional                                    |
| Position detection             | Without                                     |
| Max. impact speed              | 3 m/s                                       |
| Mode of operation              | Pushing<br>Single-acting                    |
| Corrosion resistance class CRC | 2 - Moderate corrosion stress               |
| LABS (PWIS) conformity         | VDMA24364-B1/B2-L                           |
| Ambient temperature            | -10 °C...80 °C                              |
| Type of mounting               | Via lock nut                                |
| Note on materials              | RoHS-compliant                              |
| Material piston rod            | High-alloy steel                            |
