## Air solenoid valve MHA1-M1H-3/20-0,6-PI Part number: 197026

**FESTO** 

## **Data sheet**

| Feature                                | Value                                     |
|--|---|
| Valve function                         | 3/2, open, monostable                     |
| Actuation type                         | Electrical                                |
| Width                                  | 10 mm                                     |
| Standard nominal flow rate             | 10 l/min                                  |
| Pneumatic working port                 | Sub-base                                  |
| Operating voltage                      | 24V DC                                    |
| Operating pressure                     | 0 MPa0.6 MPa<br>0 bar6 bar<br>0 psi87 psi |
| Structural design                      | Poppet valve with return spring           |
| Reset method                           | Mechanical spring                         |
| Degree of protection                   | IP40                                      |
| Certification                          | c UL us - Recognized (OL)                 |
| Certificate issuing authority          | UL MH19482                                |
| Nominal width                          | 0.7 mm                                    |
| Width dimension                        | 10 mm                                     |
| Exhaust air function                   | With flow control option                  |
| Sealing principle                      | Soft                                      |
| Mounting position                      | Any                                       |
| Manual override                        | Non-detenting                             |
| Type of control                        | Direct                                    |
| Flow direction                         | Non-reversible                            |
| Valve position ID                      | Label                                     |
| Lap                                    | Underlap                                  |
| Note on forced dynamization            | Switching frequency at least once a week  |
| Max. switching frequency               | 20 Hz                                     |
| Switching time off                     | 4 ms                                      |
| On switching time                      | 4 ms                                      |
| Duty cycle                             | 100%                                      |
| Electrical power consumption           | 1 W                                       |
| Max. positive test pulse with 0 signal | 500 μs                                    |
| Max. negative test pulse on 1 signal   | 400 μs                                    |

| Feature                                  | Value  |
|--|--|
| Coil characteristics                     | 24 V DC: 1.0 W   |
| Permissible voltage fluctuations         | +/- 10 %   |
| Operating medium                         | Compressed air as per ISO 8573-1:2010 [7:4:4]  |
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use)                   |
| Vibration resistance                     | Transport application test with severity level 2 as per FN 942017-4 and EN 60068-2-6 |
| Shock resistance                         | Shock test with severity level 2 as per FN 942017-5 and EN 60068-2-27                |
| Corrosion resistance class (CRC)         | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity                   | VDMA24364-B2-L   |
| Storage temperature                      | -20 °C60 °C  |
| Temperature of medium                    | -5 °C40 °C   |
| Ambient temperature                      | -5 °C40 °C   |
| Product weight                           | 10 g   |
| Electrical connection                    | Plug   |
| Type of mounting                         | On sub-base<br>With through-hole   |
| Pneumatic connection 11                  | Sub-base   |
| Pneumatic connection 2                   | Sub-base   |
| Pneumatic connection 33                  | Sub-base   |
| Note on materials                        | RoHS-compliant   |
| Seals material                           | FPM<br>HNBR<br>NBR   |
| Housing material                         | PA-reinforced<br>PPS-reinforced  |
