## Air solenoid valve MHP2-MS1H-5/2-M5 Part number: 525105

## **Data sheet**

| Feature                                      | Value  |
|--|--|
| Valve function                               | 5/2, monostable  |
| Actuation type                               | Electrical   |
| Width  | 10 mm  |
| Standard nominal flow rate                   | 90 l/min   |
| Pneumatic working port                       | M5   |
| Operating voltage                            | 24V DC   |
| Operating pressure                           | -0.09 MPa0.8 MPa<br>-0.9 bar8 bar<br>-13.05 psi116 psi               |
| Structural design                            | Pressure-relieved poppet valve                                       |
| Reset method                                 | Mechanical spring  |
| Degree of protection                         | IP65   |
| Certification                                | RCM compliance mark<br>c UL us - Recognized (OL)                     |
| CE marking (see declaration of conformity)   | As per EU EMC directive<br>As per EU RoHS directive                  |
| UKCA marking (see declaration of conformity) | To UK instructions for EMC<br>To UK RoHS instructions                |
| Nominal width                                | 2 mm   |
| Width dimension                              | 14 mm  |
| Note on grid dimension                       | Minimum distance between the valves is 4 mm                          |
| Exhaust air function                         | With flow control option   |
| Sealing principle                            | Soft   |
| Mounting position                            | Any  |
| Manual override                              | Non-detenting  |
| Type of control                              | Direct   |
| Flow direction                               | Non-reversible   |
| Lap  | Underlap   |
| Reverse polarity protection                  | Bipolar  |
| Additional functions                         | Spark suppression<br>Holding current reduction<br>Protective circuit |
| Max. switching frequency                     | 300 Hz   |

## **FESTO**

| Feature                                     | Value  |
|---|--|
| Switching time off                          | 1.7 ms   |
| On switching time                           | 1.9 ms   |
| Tolerance for switching time off            | +10 %/-30 %  |
| Tolerance for ON switching time             | +10%/-30%  |
| Switching time variation at 1 Hz and above  | 0.2 ms   |
| Duty cycle                                  | 100%   |
| Coil characteristics                        | 24 V DC: low-current phase 1.625 W, high-current phase 6.5 W                         |
| Permissible voltage fluctuations            | +/- 10 %   |
| Operating medium                            | Compressed air as per ISO 8573-1:2010 [7:4:4]  |
| Information on operating and pilot media    | Operation with oil lubrication possible (required for further use)                   |
| Vibration resistance                        | Transport application test with severity level 2 as per FN 942017-4 and EN 60068-2-6 |
| Restricted ambient and media temperature    | Depending on the switching frequency (see diagram)                                   |
| Shock resistance                            | Shock test with severity level 2 as per FN 942017-5 and EN 60068-2-27                |
| Corrosion resistance class (CRC)            | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity                      | VDMA24364-B1/B2-L  |
| Cleanroom class                             | Class 6 according to ISO 14644-1   |
| Temperature of medium                       | -5 °C40 °C   |
| Ambient temperature                         | -5 °C40 °C   |
| Max. tightening torque for valve mounting   | 0.4 Nm   |
| Max. tightening torque of pneumatic fitting | 1.5 Nm   |
| Product weight                              | 70 g   |
| Electrical connection                       | 2-pin  |
|   | Plug   |
| Type of mounting                            | On PR rail   |
| Pneumatic connection 1                      | Sub-base   |
| Pneumatic connection 2                      | M5   |
| Pneumatic connection 3                      | Sub-base   |
| Pneumatic connection 4                      | M5   |
| Pneumatic connection 5                      | Sub-base   |
| Note on materials                           | RoHS-compliant   |
| Seals material                              | HNBR<br>NBR  |
| Housing material                            | Die-cast metal, coated   |
| Material of screws                          | Steel, galvanized  |
