## Vacuum generator VN-07-H-T3-PQ2-VQ2-RO1-M Part number: 532626

## **Data sheet**

| Feature                                       | Value  |
|---|--|
| Nominal width of Laval nozzle                 | 0.7 mm   |
| Width dimension                               | 14 mm  |
| Muffler construction type                     | Open   |
| Mounting position                             | Any  |
| Ejector characteristics                       | Standard<br>High negative pressure                 |
| Manual override                               | Non-detenting                                      |
| Integrated function                           | Shut off valve, electric<br>Pneumatic muffler open |
| Structural design                             | T-shape  |
| Valve function                                | 2/2  |
| Operating pressure for max. suction rate      | 3 bar  |
| Operating pressure                            | 2 bar8 bar   |
| Operating pressure for max. vacuum            | 4.4 bar  |
| Max. vacuum                                   | 92 %   |
| Nominal operating pressure                    | 6 bar  |
| Max. suction rate with respect to atmosphere  | 16.2 l/min   |
| Air supply time at nominal operating pressure | 1.69 s   |
| DC operating voltage range                    | 21.6 V26.4 V                                       |
| Electrical power consumption                  | 1.2 W  |
| Duty cycle                                    | 100%   |
| Operating medium                              | Compressed air as per ISO 8573-1:2010 [7:4:4]      |
| Information on operating and pilot media      | Operation with oil lubrication not possible        |
| Corrosion resistance class (CRC)              | 1 - Low corrosion stress                           |
| LABS (PWIS) conformity                        | VDMA24364-B1/B2-L                                  |
| Temperature of medium                         | 0 °C50 °C  |
| Noise level at nominal operating pressure     | 65 dB(A)   |
| Degree of protection                          | IP40   |
| Ambient temperature                           | 0 °C50 ℃   |
| Product weight                                | 61 g   |
| Electrical connection                         | Plug   |

**FESTO** 

| Feature                       | Value  |
|-------------------------------|--|
| Type of mounting              | With through-hole<br>With H-rail<br>With accessories |
| Pneumatic connection 1        | QS-6   |
| Pneumatic connection 3        | Pneumatic muffler open                               |
| Vacuum connection             | QS-6   |
| Material of connecting thread | Wrought aluminum alloy, anodized                     |
| Note on materials             | RoHS-compliant                                       |
| Seals material                | NBR  |
| Female nozzle material        | РОМ  |
| Housing material              | PA-reinforced<br>POM-reinforced                      |
| Muffler material              | PE   |
| Material of screws            | Steel  |
| Material of jet nozzle        | Wrought aluminum alloy                               |
| Material of pneumatic fitting | Brass<br>Nickel-plated                               |
