

**Fine filter cartridge**  
**MS6-LFM-B-HF**  
Part number: 552092

**Data sheet**

| Feature                          | Value                         |
|----------------------------------|-------------------------------|
| Size                             | 6                             |
| Series                           | MS                            |
| Grade of filtration              | 1 µm                          |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress |
| LABS (PWIS) conformity           | VDMA24364-B1/B2-L             |
| Compressed air filter material   | Borosilicate fiber            |
