## Mini slide DGSL-4-30-EA Part number: 570160

## **Data sheet**

| Feature                                    | Value  |
|--|--|
| Stroke                                     | 30 mm  |
| Adjustable end-position range/front length | 15.5 mm  |
| Adjustable end-position range/rear length  | 3.5 mm   |
| Piston diameter                            | 6 mm   |
| Drive unit operating mode                  | Yoke   |
| Cushioning                                 | Short elastic cushioning rings/pads at both ends                   |
| Mounting position                          | Any  |
| Guide                                      | Ball bearing cage guide  |
| Structural design                          | Yoke<br>Piston<br>Piston rod<br>Slide                              |
| Position sensing                           | For proximity sensor   |
| Operating pressure                         | 0.25 MPa0.8 MPa<br>2.5 bar8 bar                                    |
| Max. speed                                 | 0.5 m/s  |
| Repetition accuracy                        | 0.3 mm   |
| Mode of operation                          | Double-acting  |
| Operating medium                           | Compressed air as per ISO 8573-1:2010 [7:4:4]                      |
| Information on operating and pilot media   | Operation with oil lubrication possible (required for further use) |
| Corrosion resistance class (CRC)           | 0 - No corrosion stress  |
| LABS (PWIS) conformity                     | VDMA24364-B1/B2-L  |
| Cleanroom class                            | Class 7 according to ISO 14644-1                                   |
| Ambient temperature                        | 0 °C60 ℃   |
| Impact energy in the end positions         | 0.015 Nm   |
| Cushioning length                          | 0.9 mm   |
| Max. force Fy                              | 387 N  |
| Max. force Fz                              | 387 N  |
| Max. torque Mx                             | 2 Nm   |
| Max. torque My                             | 2 Nm   |
| Max. torque Mz                             | 2 Nm   |
| Theoretical force at 6 bar, retracting     | 13 N   |

## **FESTO**

| Feature                               | Value                      |
|---------------------------------------|----------------------------|
| Theoretical force at 6 bar, advancing | 17 N                       |
| Moving mass                           | 38 g                       |
| Product weight                        | 106 g                      |
| Alternative connections               | See product drawing        |
| Type of mounting                      | With through-hole          |
| Pneumatic connection                  | M3                         |
| Note on materials                     | RoHS-compliant             |
| Cover material                        | Wrought aluminum alloy     |
| Seals material                        | HNBR                       |
| Housing material                      | Wrought aluminum alloy     |
| Piston rod material                   | High-alloy stainless steel |
