## Push-in T-connector NPQH-T-Q8-Q6-P10 Part number: 578387

**FESTO** 

## **Data sheet**

| Feature   | Value  |
|---|--|
| Size  | Standard   |
| Nominal width                                   | 5 mm   |
| Tubing insertion depth                          | 15.8 mm16 mm   |
| Note on the tubing insertion depth              | Ø6 depth 15.8 mm<br>Ø8 depth 16 mm                                     |
| Mounting position                               | Any  |
| Design  | T-shape  |
| Pack size                                       | 10   |
| Structural design                               | Push-pull principle  |
| Operating pressure for entire temperature range | -0.095 MPa2 MPa<br>-0.95 bar20 bar<br>-13.775 psi290 psi               |
| Information on operating pressure               | Water: max. 0.6 MPa at 0 - 50 °C                                       |
| Certificate issuing authority                   | NSF C0523185   |
| Operating medium                                | Compressed air as per ISO 8573-1:2010 [7:-:-] Water (liquid, ice-free) |
| Information on operating and pilot media        | Operation with oil lubrication possible                                |
| Corrosion resistance class (CRC)                | 3 - High corrosion stress  |
| LABS (PWIS) conformity                          | VDMA24364-B1/B2-L  |
| Cleanroom class                                 | Class 4 according to ISO 14644-1                                       |
| For use in the food industry                    | See declaration of conformity NSF/ANSI 169                             |
| Ambient temperature                             | 0 °C150 °C   |
| Product weight                                  | 27.9 g   |
| Pneumatic connection 1                          | for pneumatic tubing outside diameter 8 mm                             |
| Pneumatic connection 2                          | for pneumatic tubing outside diameter 6 mm                             |
| Note on materials                               | RoHS-compliant   |
| Housing material                                | Brass, chemically nickel-plated  |
| Guard ring material                             | PEI  |
| Releasing ring material                         | Brass, chemically nickel-plated  |
| Material of tubing seal                         | FPM  |
| Material of tube retaining claw                 | High-alloy stainless steel   |
| Thrust ring material                            | PEI  |
