## **Compact cylinder ADN-63-70-I-PPS-A** Part number: 609538

## **Data sheet**

| Feature                                  | Value  |
|--|--|
| Stroke                                   | 70 mm  |
| Piston diameter                          | 63 mm  |
| Piston rod thread                        | M10  |
| Cushioning                               | Self-adjusting pneumatic end-position cushioning                             |
| Mounting position                        | Any  |
| Conforms to standard                     | ISO 21287  |
| Piston rod end                           | Internal thread  |
| Position sensing                         | For proximity sensor   |
| Variants                                 | Piston rod at one end  |
| Operating pressure                       | 0.1 MPa1 MPa<br>1 bar10 bar  |
| Mode of operation                        | Double-acting  |
| Operating medium                         | Compressed air as per ISO 8573-1:2010[7:4:4]                                 |
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use)           |
| Corrosion resistance class (CRC)         | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity                   | VDMA24364-B1/B2-L  |
| Ambient temperature                      | -20 °C80 °C  |
| Impact energy in the end positions       | 4.8 J  |
| Cushioning length                        | 7 mm   |
| Theoretical force at 6 bar, retracting   | 1750 N   |
| Theoretical force at 6 bar, advancing    | 1870 N   |
| Moving mass                              | 310 g  |
| Product weight                           | 1147 g   |
| Type of mounting                         | With through-hole<br>With internal thread<br>With accessories<br>Optionally: |
| Pneumatic connection                     | G1/8   |
| Note on materials                        | RoHS-compliant   |
| Flange screws material                   | Steel  |
| Cover material                           | Wrought aluminum alloy, anodized   |
| Seals material                           | TPE-U(PUR)   |

**FESTO** 

| Feature                     | Value                                   |
|-----------------------------|---|
| Piston rod material         | High-alloy steel                        |
| Material of cylinder barrel | Wrought aluminum alloy, smooth-anodized |
