## Encoder cable NEBM-M12G8-E-7.5-N-S1G15

Part number: 8004665

## **Data sheet**

| Feature  | Value                                   |
|--|---|
| Cable designation                              | Without label holder                    |
| Electrical connection 1, function              | Field device end                        |
| Electrical connection 1, design                | Round                                   |
| Electrical connection 1, connection type       | Socket                                  |
| Electrical connection 1, cable outlet          | Straight                                |
| Electrical connection 1, connection technology | M12x1 A-coded as per EN 61076-2-101     |
| Electrical connection 1, number of pins/wires  | 8                                       |
| Electrical connection 1, occupied pins/wires   | 8                                       |
| Electrical connection 2, function              | Control side                            |
| Electrical connection 2, design                | Rectangular                             |
| Electrical connection 2, connection type       | Plug                                    |
| Electrical connection 2, cable outlet          | Straight                                |
| Electrical connection 2, connection technology | Sub-D                                   |
| Electrical connection 2, number of pins/wires  | 15                                      |
| Electrical connection 2, occupied pins/wires   | 8                                       |
| DC operating voltage range                     | 0 V30 V                                 |
| Nominal operating voltage DC                   | 24 V                                    |
| Operating voltage range AC                     | 0 V30 V                                 |
| Nominal operating voltage AC                   | 24 V                                    |
| Shield   | yes                                     |
| Cable length                                   | 7.5 m                                   |
| Cable characteristic                           | Suitable for energy chains              |
| Bending radius, flexible cable installation    | 68 mm                                   |
| Cable diameter                                 | 6.8 mm                                  |
| Cable design                                   | 4 x 2 x 0.14 mm <sup>2</sup>            |
| Nominal conductor cross section                | 0.14 mm <sup>2</sup>                    |
| Degree of protection                           | IP65                                    |
| Note on degree of protection                   | IP30 for Sub-D plug<br>In mounted state |
| Ambient temperature                            | -40 °C80 °C                             |

## **FESTO**

| Feature  | Value                    |
|--|--------------------------|
| Ambient temperature with flexible cable installation | -5 °C80 °C               |
| CE marking (see declaration of conformity)           | As per EU RoHS directive |
| UKCA marking (see declaration of conformity)         | To UK RoHS instructions  |
| LABS (PWIS) conformity                               | VDMA24364-B2-L           |
| Note on materials                                    | RoHS-compliant           |
| Corrosion resistance class (CRC)                     | 0 - No corrosion stress  |
| Material of cable sheath                             | TPE-U(PUR)               |
| Color cable sheath                                   | Gray                     |
